...A similar bipartisan arrangement of over 351 deputies, clerks and other personnel ensures that no one party controls the Board of Elections. The Board appoints an executive staff consisting of an Executive Director, Deputy Executive Director and other senior staff managers charged with the responsibility to oversee the operations of the Board on a daily basis. Together, the executive and support staffs provide a wide range of electoral services to residents in Manhattan, The Bronx, Brooklyn, Queens and Staten Island.

The Commissioners of Elections meet every Tuesday at the Executive Office, in addition to the special hearings, legislative sessions and specific issue-oriented meetings (electronic voting, election legislation, labor management, rules and budget) during the calendar year.

Mission Statement

The Board of Elections in the City of New York, as provided under Section 3-200 of the New York State Election Law, is responsible:

- 1. To conduct fair and honest elections, from local to federal levels;**
- 2. To enfranchise all eligible New Yorkers to register to vote and to practice those rights;**
- 3. To conduct elections, certify the canvass and to retain the official records;**
- 4. Voter outreach and education.**

Briefly stated, this means:

First, the preparation of the ballot for Primary, Special and General Elections to the extent that all vacancies for public office and party positions may be filled.

Second, that qualified voters may exercise their right to franchise and that every opportunity be given to voters to execute that right and to vote for whom they choose.

Third, that the votes of the electorate at Primary, Special and General Elections be properly canvassed and that a true count be given for each candidate voted for.

Finally, that we make every effort to inform and educate the voting public of their rights as a voter and also to reach out to all Americans to instruct them in the voting process.

The following pages of this report will illustrate some of the duties as classified in the above synopsis.

President's Message

The Board of Elections in the City of New York entered 2014 with a goal to continue its commitment to provide open and honest elections to its constituents, and ended the year having accomplished that goal. In our efforts to ensure this, the hard working Board of Elections' staff worked tirelessly through a busy and often hotly contested election season. Thanks to the support of our Executive Director Michael J. Ryan, Deputy Executive Director Dawn Sandow, and Administrative Manager Pamela Perkins, the Board was able to see that the Congressional Primary, Federal Primary, and the General Election were all conducted in accordance with the standard we have set for ourselves.

In certain ways, 2014 was our most successful election season in quite some time, largely thanks to the introduction of VICKi (Voter Information Center Kiosk), a new system created by our EVS Department, designed to make finding your voting information easier and faster on Election Day, as well as the launch of a pilot program utilizing our computerized tablets to upload unofficial election night results to our website in record time; I would like to thank our MIS, EDO, EVS and VEOU Departments, under the direction of Executive Management.

Thanks must also be given to our poll workers, everyday people whose belief in democracy and conducting fair, open and honest elections motivate them to work tirelessly on election days to ensure every vote counts. This job is strenuous but ultimately rewarding, and each year we hope that their efforts inspire others to answer the call of democracy by serving as a poll worker.

Internally, the Board faced several managerial changes, each of which was transitioned into smoothly and effectively. The year 2014 also saw the implementation of the CityTime System, replacing our old system of paper time cards with electronic timekeeping. Once again, the transition to the new system was a success, a feat that could not have been achieved without the efforts of our staff.

The following Annual Report will present many of the advancements and accomplishments made during the year in much greater detail, in hopes that it highlights our goal of making the voting process fair and efficient for all voters. We encourage all interested parties to visit our website for more information including various appendices not included in this printed version.

Respectfully submitted,

Jose Miguel Araujo,
President for Year 2014

MARIA R. GUASTELLA ESQ., Commissioner

Maria R. Guastella is the Staten Island Democratic Commissioner and was unanimously appointed to the Board of Elections in the City of New York in 2011 by the New York City Council.

In January, 2012, she was duly elected President of the Commissioners of the Board of Elections in the City of New York.

Ms. Guastella began her legal career in 1994 working for the Legal Aid Society, Criminal Defense Division as a staff attorney. In 2001, Ms. Guastella opened her own law office and specializes in criminal defense litigation.

Ms. Guastella is a graduate of John Jay College of Criminal Justice and received her Juris Doctorate from City University of New York School of Law. She is admitted to practice law in the State of New York and the Southern and Eastern Districts of New York.

Ms. Guastella resides in Staten Island with her husband and two children.

Staten Island

RONALD CASTORINA, Commissioner

Ronald Castorina, Jr., Esq. came to the Board of Elections in 2013, where he was appointed to be the Republican Commissioner for Richmond County. Prior to his service with the Board, Castorina served as counsel for Council Member Vincent Ignizio, and had previously worked as a law clerk and a research assistant for the State Supreme Court.

Castorina graduated in 2001 from St. Francis College in Brooklyn, where he received a B.A. for Political Science & Philosophy. He received a juris doctor from State University of New York at Buffalo School of Law in 2004.

In addition to his political and legal works, Castorina also serves as a 1st Lt. in the New York Guard, Army Division.

Mr. Castorina currently resides in Staten Island, and is head of the Law Offices of Ronald Castorina, Jr., where he practices in both Brooklyn and Staten Island.

MICHAEL A. RENDINO, Commissioner

Mike Rendino is the Bronx Republican Commissioner. A lifelong resident of the borough, Mr. Rendino has long been an active member in his community, serving as Chairman of the Economic Development Committee as well as Merchant Representative of the 161 Street Business Improvement District.

Mr. Rendino worked as a firefighter before injuries sustained during the September 11th relief effort forced him into retirement. Since then, he has become heavily involved in local politics, working on Mayor Michael Bloomberg's 2009 reelection campaign before running for New York State Assembly in 2010.

A graduate of St. John's University, he has a degree in sports management. In addition to his tireless community activism, Rendino runs a very successful small business located near Yankee Stadium.

Bronx

BIANKA PEREZ, Commissioner

Bianka Perez is the Bronx Democratic Commissioner of the New York City Board of Elections. She is also the sole owner of the Law Office of Bianka Perez. Her law office, which is located in the Bronx, was established in 2004 and specializes in Family, Criminal, Divorce, Wills/Trusts/Estates and Accident/Personal Injury matters. She served as Administrative Law Judge with the Office of Administrative Trials and Hearing from 2012 to 2014.

Ms. Perez received her Doctorate in Law at New York Law School in 2000 and her B.A. from John Jay College of Criminal Justice CUNY in 1995, where she graduated Summa Cum Laude. She is admitted to both the New York Bar and New Jersey Bar.

She served as President of the Dominican Bar Association from 2012-2013 and as Parliamentarian of the Bronx County Democratic Committee from 2012 to 2014. Ms. Perez has served on many voluntary legal clinics in her community and won distinctive awards for her community service. In 2012 she received the Manhattan Borough President's Hispanic Heritage Award and the Dominican Independence Award from Councilman Robert Jackson. In 2013 she received the International Women's Day Award from Centro Altagracia De Fe y Justicia, a Certificate of Merit from the New York City Comptroller John Liu for her community work, and the Universidad UNAPEC Award from the Dominican Republic for her professional accomplishments as a Dominican attorney in the United States.

She was born in the United States, her parents are from the Dominican Republic and came to the United States in the 1970s. Ms. Perez currently resides in the Bronx with her husband and children.

FREDERIC M. UMANE ESQ., Commissioner

Frederic M. Umane has served as a commissioner of the New York City Board of Elections since 1995. A Republican from Manhattan, he was president of the Board during the 2005 mayoral election and has been active in local politics for more than twenty years.

An attorney, Mr. Umane is a partner at Zeichner Ellman & Krause and heads the firm's transactional banking, corporate and real estate group. He has substantial experience in bank regulatory matters and issues involving mortgage fraud, automobile and hotel finances.

Mr. Umane is admitted to the practice of law in New York State and the federal courts. He is an active member of the American Bar Association as well as the Associations of the Bar of the City of New York and New York State.

He received his J.D. from Albany Law School and his B.A. from Union University. Mr. Umane is married to Susan Umane and they have two children, Ryan and Bradley.

Manhattan

ALAN SCHULKIN, Commissioner

Alan Schulkin was appointed as the Democratic Commissioner to Manhattan County in September 2014. Prior to assuming this position, he had been the Deputy Chief Clerk at the Manhattan Borough Office of the Board of Elections in the City of New York since April 2014.

A graduate of University of Charleston, W. Va., Mr. Schulkin worked as a supervisor at the NYS Department of Social Services for 20 years, before transferring to the Department of Health, where he oversaw the audits of Medicare providers. He worked there for 10 years, when he was transferred to the Office of Medicaid Inspector General.

Mr. Schulkin currently resides in Manhattan.

MICHAEL MICHEL, Secretary

Michael Michel came to Christ the King as Financial Director in 1992. He has since been appointed Director of Operations at Christ the King High School in 1994 and in 2006 was appointed President of Christ the King. Michael founded and serves as President of the Christ the King Daycare / Continuing Education.

In 2013, the City Council appointed Michael Queens Republican Commissioner of the NYC Board of Elections. In March 2014, Michael was also appointed to serve on the Board of All Faiths Cemetery.

Michael currently resides in Middle Village, NY, with his wife, the former Erika Schaefer, and his two daughters Janine and Laura.

Queens

JOSE MIGUEL ARAUJO ESQ., President

Jose Miguel Araujo was appointed to the New York City Board of Elections in 2008 and serves as the Democrat representative from Queens. He is currently serving as president.

A Democrat, Mr. Araujo graduated from John Jay College of Criminal Justice with a Bachelor of Science Degree in Criminal Justice. He went on to receive his Juris Doctorate from the City University of New York School of Law and is a practicing attorney in the areas concerning Criminal Guardianship/Article 81 of the Mental Hygiene Law, Wills and Estate and Real Estate.

As a member of the Board's Public Education Subcommittee, he was integral in the implementation of the citywide public education campaign intended to inform New Yorkers of new changes to the voting system resulting from the Congressional Help America Vote Act.

Mr. Araujo and his wife Rita live in Queens with their four sons Justen, Joel, Ricardo and Ariel.

Candidate Records Unit

TROY JOHNSON
Coordinator, Candidate Records Unit

The Candidate Records Unit (CRU) of the Board of Elections in the City of New York is responsible for the receiving, recording, processing and tracking of all candidate and objector document filings as well as proofing of candidate names that achieve ballot status for Primary, General and Special Election events.

The CRU staff maintains candidate status on all these items in order to ensure an accurate ballot. The staff prepares, reviews, updates and corrects errors identified on all reports that provide data for the creation of all ballot proofs.

The unit also has a limited responsibility for receiving, recording and monitoring candidate compliance documents for In-Lieu-Of filers only as part of the Campaign Financial Disclosure requirements. CRU received 271 financial disclosure reports from various candidates, political party committees and political action committees in 2014. CRU staff sends non-compliance notices to treasurers by US Certified Mail as well as notifying non-compliant candidates by regular First Class Mail. Non-compliant candidates and committees are reported to the Commissioners of Elections.

Director of Communications and
Public Affairs

One of the Board's top priorities is to ensure that every Election Day is implemented as smoothly as possible. To raise awareness and understanding about the new voting system, the Board conducted a comprehensive public education campaign to prepare voters prior to the 2010 Election. Building on the foundation created during the 2010 campaign, the Board continued its education efforts in 2014 to ensure New York City voters were becoming more familiar with using the new voting system during the 2014 Election cycle.

The 2010 Election marked the first time voters used the new voting system and as a result, was also the first time poll workers assisted voters using a paper ballot. Lessons were learned and used to prepare and strengthen procedures for future elections. As a trained poll worker corps is an essential element of any successful Election Day, the Board took steps to provide poll workers with the knowledge and tools necessary to successfully implement the Election. A key element of this preparation was a heavy focus on poll worker and interpreter recruitment to assist in replenishing a robust poll worker corps. As a result, the Board's 2014 public education campaign centered on a multi-pronged approach:

1. Continued voter education to raise awareness and prepare voters to use the new voting system;
2. Recruitment of eligible New York City voters to serve as poll workers and interpreters and to provide them with real time experience with voters using the new system on Election Day; and
3. Increasing voter registration by attempting to register new voters at all scheduled outreach events.

2014 Public Education Campaign Goals

- Continue to Educate NYC Voters
- Recruit New Poll Workers/ Register new Voters

The 2014 Public Education Program targeted voters in all five boroughs. This included first time voters as well as senior citizens, multicultural voters, and voters with disabilities. By Federal mandate, all public educational material was provided in English, Spanish, Chinese, Korean and Bengali.

The public education campaign continued to use and build upon a surround-sound communications approach that delivered key messages and engaged targeted audiences in voter education efforts and recruitment opportunities. Due to New York City's diverse voter population, the Board implemented a campaign that integrated a range of tactics including stakeholder engagement, digital outreach, materials development and earned media.

Communications and Public Affairs Cont'd

- Bipartisan Outreach team members attended events across the city to encourage eligible voters to serve as poll workers while educating and preparing voters for Election Day.

- Outreach was continued to key stakeholders to enlist their support in educating audiences about the new voting system and encouraging poll worker applicants.

- Social media engagement was ramped up to further grow the Board's digital audiences and stakeholders.

- Educational materials in multiple languages were distributed at community events and made available on the Board's website.

- Targeted media outreach was conducted that focused on providing information about the new voting system and encouraging eligible voters to serve as poll workers and interpreters. Campaign highlights such as an online voter survey, the posting of online sample ballots and the distribution of voter tips prior to Election Day were pitched to the media to help spread information to all NYC voters.

Additional highlights of the 2014 public education campaign include:

- The Board's continued posting of online sample ballots marked a milestone in the Board's efforts to assist in preparing voters to use the new voting system.
- The Board's outreach team continued to proactively engage local community groups throughout New York City in addition to elected officials to encourage voter education and poll worker recruitment.

- The outreach team staffed community events throughout all five boroughs to educate voters about the new voting system, recruit eligible residents to serve as poll workers or interpreters, as well as register voters.

- On Election Day, the team engaged with NYC voters through timely Facebook postings and Twitter messages starting when the poll sites opened and continuing until the poll sites closed.

The home page of the Board's website prominently features tools and resources working towards the Board's priorities — including public education on voting the new way, poll site locator, and sample ballots, as well as information on voter registration, poll worker recruitment, and absentee voting. The website also features sections devoted to specific audiences, such as voters, candidates, and poll workers. With the click of the mouse, users will also be able to translate the entire NYC BOE website into Spanish, Chinese, Russian, Korean, or Bengali, enlarge their text and share the entire webpage with a friend. The website also highlights the Board's social media pages and allows readers to sign up for email updates from the BOE. The Board's website had a total of 936,425 visits, with 189,394 clicks to the poll site locator.

The Board created an information poster alerting voters that everything they need to know about voting can be found in the palm of their hand, either by calling our Phone Bank or scanning our new QR Code with their Smartphone or tablet which takes them directly to the BOE website. The poster was placed in various locations and poll sites throughout the city. On Election Day, the Board launched a pilot program to allow Executive Office Monitoring teams to remotely complete a poll site survey using a wireless digital tablet for every site they visit. This program provided us with valuable data that will allow us to develop an updated version to be deployed in our next pilot that will be expanded to include AD Monitor teams.

WWW.NYC.POLLSITELOCATOR.COM

Poll Site Locator (PSL) is a web application optimized for viewing on a smartphone, tablet or desktop screen. With one simple address search from any device, voters have instant access to the latest poll site information from wherever they are. They see where to vote — along with Google Maps™ directions from their current location or home address, a list of upcoming elections, a full contest list, access to a sample ballot and much more.

If changes occur, be it through unplanned events or regular redistricting, voters can subscribe to email alerts. The site handles all the leg-work so that election officials can just sync the site and sit back while all their Change Notices are delivered electronically. Voters using Poll Site Locator are up-to-date, confident and empowered on Election Day. Covering the Election Period from the September Primary through the General Election in November we had over 231,000 visits to our PSL representing over 180,000 unique visitors. The totals for the year from its installation in August to the end of 2014 the figures are over 255,000 visits representing over 195,000 unique visitors.

NEW DESIGN OF DEDICATED MAILING PRIOR TO GENERAL ELECTION:

As a result of concerns expressed by voters and others, the Board requested funding from the City to send an additional notice to all voters with their poll site information prior to 2014 General Election.

In an effort to improve communications with the voters, the annual Voter Information Notice Mailer was significantly changed in the past year. Originally, all five languages were printed in one mailer and distributed to all voters. The new version provided the following segmentation:

- Queens voters received the Voter Information Notice in all five covered languages: English, Spanish, Chinese, Korean, and Bengali
- Bronx and Staten Island voters received the Voter Information Notice in English and Spanish
- Manhattan and Brooklyn voters received the Voter Information Notice in English, Spanish and Chinese

By using this targeted approach that reflects the federal language assistance requests, the Board was able to more effectively deliver information to the voters and create better print efficiencies for current and future mailings.

BOROUGH LEARNING CENTERS

Voters were also encouraged to visit a Learning Center in their local Board's Borough Office to have a hands-on experience with the new voting system. Trained staff are available to guide voters through voting on a paper ballot, using the scanner and using the Ballot Marking Device.

Voter Registration

BETH FOSSELLA
Coordinator, Voter Registration

As the Coordinator of the Voter Registration Department, my staff and I are responsible for all activities that pertain to registering people to vote in the five boroughs of New York City. This includes:

- Overseeing the Boroughs' responsibility to maintain the records of all registered voters. The total number of registered voters in the City of New York for **2014** according to the New York State Board of Elections Data Base is **4,568,362**. These numbers include both Active and Inactive voters (Active voters – **4,160,000**; Inactive voters – **408,362**). These figures are run on April 1st and November 1st of each year and are posted on the New York State Board of Elections website.
- Reaching out to all eligible voters in the City of New York, making them aware of the importance of being a registered voter and how much their vote counts. This is accomplished through:
 1. Conducting registration drives at various community activities (i.e. street fairs, job fairs, community organization meetings, senior citizen community centers) and providing material that will help explain the process of voting.
 2. Distribution of voter registration material to the public. It is to be noted that all voter registration materials are produced in English and are translated, in accordance with NYS Election Law, into four languages of Spanish, Chinese, Korean and Bengali.
- Providing and making sure that all registration material is updated in accordance with New York State Election Law.
- Sorting all registration applications according to the following: Borough, time stamp, tracking numbers and coding – Registration, Department of Motor Vehicles, Agency Code "9" selected city agencies, Code "D"- Department of Education (CUNY). The registrations are put in borough order and distributed to the boroughs on a daily basis, for borough processing into the voter system.

Voter Registration Cont'd

- In 2002, Congress passed and the President of the United States signed into law the "Help America Vote Act" (HAVA). This was the means by which the Federal government committed to fund sweeping election reforms which would enhance the voting process in this country. Previously, a potential voter was not asked to provide a means of identification when filling out a registration application. Once HAVA took effect, identification was required. Effective January 1, 2006 all first time voter registrations within the State of New York have to provide the same information heretofore requested of voters who registered by mail after January 1, 2003. In order to accommodate the voter, the registration application was redesigned to provide a box where this HAVA ID information was required. Those who did not provide the necessary identification information, would receive a "First Time Voter Letter," asking them to provide the identification information. If no identification is sent by the time of the election, the voter will be asked to provide this information at the poll site, and if they still did not provide it, they would not be allowed to vote on the (Scanner), but would have to vote by affidavit ballot.
- Ordering and tracking all voter registration materials located in the Manhattan Voting Machine Facility (main storage facility for voter registration material) as well as material that is stored in the Borough and General Office.
- Making sure that all Voter Registration material is updated in English and translated into the four languages required by law, Spanish, Chinese Korean and Bengali.
- In 2010 the State Board of Elections re-designed the registration application to include "Organ Donor" information that is sent to the Board of Health on a weekly basis.
- In 2013 the State Board of Elections re-designed the Voter Registration Application to include e-mail address which is now box #7.
- In 2011 the State Board of Elections re-designed the absentee ballot application.
- Providing and updating all voter registration information that must be put up on the Board of Election's website. This information is done in English, Spanish, Chinese, Korean and Bengali.
- **Providing Russian translation "Registration and Voting" booklet on the website which contains an English registration application, with instructions in Russian. This provision was made in compliance with Section 3-506 of the New York State Election Law and went into effect as of January 1, 2010.**

CODE 9 – AGENCY REGISTRATION

In May 2000, the New York City Council passed legislation (Local Law 29) which requires that 20 City agencies provide voter registration forms to agency clients, contractors and sub-contractors with whom the agency deals with on a daily basis.

The law requires that the Board of Elections supply these agencies with all the material they will need in the performance of these tasks, i.e. registration forms, display boxes, booklets, posters in all languages that are required by law (English, Spanish, Chinese, Korean and Bengali). The total number of Code "9" registration applications that were given out in **2014** was **410,550**.

CUNY (THE CITY UNIVERSITY OF NEW YORK)

CUNY requested **69,000** Code "D" registration forms to be delivered to the main offices of the CUNY schools. The "Code "D" registration applications contain a small box at the upper Left hand corner of the registration application with the letter "D" in it. This enables the Board to track how many of these registrations are processed. Total Number of Code "D" Applications processed by boroughs in **2014**.

2014 CONFIRMATION NOTICES

The Confirmation Notices are sent out to the voters whose Information Notices were returned to the Board of Election as Undeliverable. Confirmation Notices are sent to check whether a voter is indeed not living at the address which appeared on the Information Notices.

If the Confirmation Notices is returned as undeliverable, then the voter is made INACTIVE. The Inactive code is **X**. This voter goes from an Active to an Inactive (A to X) status. Total for **2014** – There were **1,764** placed into this status.

LIBRARIES AND POST OFFICES

In January we began the distribution of our usual supply of registration forms (in all five languages) to all the libraries and post offices in New York City. Included with these were posters, a display box and order forms which could be faxed to us requesting replacement supplies.

The total number of Registration Forms distributed for **2014** were as follows:

Post Offices – 226

Libraries – 217

TOTAL - 64,410 registrations **TOTAL - 61,845 registrations**

Election Day Operations

DEBRA LEIBLE
Coordinator, Election Day Operations

POLL WORKER RECRUITMENT AND OUTREACH

This department is charged with the responsibility for recruiting, training, assigning and tracking the performance of individuals who staff the polls and serve voters on Election Day. There are several different Poll Worker positions varying in qualifications and degrees of responsibility:

COORDINATORS are placed in polling sites to serve as the manager, to troubleshoot any problems and ensure that Election Day procedures are being followed. Their goal is to see that voters receive courteous, prompt and proper service.

INFORMATION CLERKS are placed at sites with multiple EDs to help direct and guide voters to their correct voting districts and poll sites by using street directories and poll site lists.

DOOR CLERKS are assigned to polling places with alternate accessible entrances, where doors cannot remain open, or where other assistance is required.

ED/AD TABLE INSPECTORS and **POLL CLERKS** are the backbone of the Board's Election Day workforce. There are two INSPECTORS at each Election District or board, one enrolled Democrat and one Republican — a system of "checks and balances" that is required by New York State Election Law. POLL CLERKS are similarly divided and are mainly used as needed in the voting process in EDs where there are more than 750 registered voters.

SCANNER INSPECTORS verify that the scanners have not been tampered with, set-up and open the polls on the scanners for voting and assist voters if needed. There are two (2) inspectors per scanner; one (1) Democrat and one (1) Republican.

BMD INSPECTORS ensure the privacy booths and BMD are set up properly. They keep the booths clear of electioneering materials and are there to assist the voters if requested. There are two (2) Inspectors, one enrolled Democrat and one enrolled Republican.

INTERPRETERS assist voters with limited English proficiency at poll sites in various neighborhoods in New York City and are a major component of the Board's Language Assistance Program. The Board provides Spanish, Chinese (Cantonese/Mandarin), Korean and Bengali/Hindi interpreters in targeted areas in conjunction with the plan based on recent census data.

ELECTION NIGHT REPORTING CLERKS (ENR) Every Police Precinct in New York City has a four person bipartisan Election Night Reporting Team (ENR Team) assigned to report at 7pm. The ENR Team is responsible for the setup and testing of the Equipment prior to the close of Polls.

Once the Polls Close, the ENR Team awaits the arrival of Police Officers transporting the Large Yellow Scanner Voting Records Bag, which contains the Portable Memory Device (PMD), the Zero Report and the Results Tape. The ENR team uses the Radio Frequency Identification (RFID) Station to verify that all of the Small Yellow Scanner Pouches and PMDs have been delivered. Once verified, the ENR Team uses the Election Night Reporting Laptop to upload and transmit the Results to the Board of Elections.

A.D. POLL SITE MONITORS are a bi-partisan team of specially trained Poll Workers who monitor an Assembly District on Election Day.

While the Coordinators, Inspectors, Poll Clerks and Information Clerks are required by law to be both a citizen and a registered voter, the Interpreters and Door Clerks do not have such a requirement. County Committee applicants make up a great portion of the total complement needed to staff the polls but thousands of positions still must be filled. To this end, the Board trains and assigns poll workers recruited from various sources, including the City University of New York and numerous civic and advocacy groups. Poll Worker applicants also submit forms obtained from the Board's phone bank, Borough Offices, nyc.electiondayworker.com, or by indicating interest in serving when completing their Voter Registration applications.

POLL WORKER TRAINING AND INITIATIVES

During 2014, we had one hundred fifty eight (158) available Adjunct Trainers to conduct Poll Worker training by conducting 2,397 classes at 92 sites throughout New York City. These classes train the Poll Workers to use the Poll Worker Procedures Book, visual aids, various voter information forms and materials used in elections. Also included in the training session was a demonstration of the AutoMARK Ballot Marking Device (BMD) and a demonstration on the Optical Scanner voting system. In total, the Board assigned 91,019 workers to class and trained approximately 47,141 Poll Workers in 2014. We continued to use laminated step by step materials on using the BMD, Scanners and Serving the Voter that were available at poll sites. The purpose of these cards is to make it easier for the Poll Workers to open and close the BMD and Scanners simply by working in teams of two—one reading the instructions step by step and the other performing the required steps.

The Poll Worker Procedures Book replaced the Poll Worker Manual and the Poll Worker Summary Guide. It contains a section concerning diversity and incorporates the customer service training from the Poll Worker classes. The poll site signage provides voter information and assistance in all five (5) mandated languages based on what is required in each borough. These multi-language materials include the "How to Use the Scanner" and NYS Voter Bill of Rights.

NURSING HOMES PROGRAM

The Board of Elections provides special services to Nursing Care Residential Facilities and their occupants. During the 2014 Federal Primary, State Primary and General Election, Board staff made 293 visits to Nursing Home facilities and delivered 12,072 Absentee Ballots to residents of these facilities.

EDO DEPARTMENT

EDO Department staff assists with educating voters on the BMD, Scanner and Election procedures. They organize demonstrations of equipment throughout the five boroughs as well as attend recruitment events for Poll Workers. In 2014, they recruited 3,000 Poll Workers.

Voting Equipment Operations Unit/Poll Site Management

JOHN P. O'GRADY
Chief Voting Machine Technician

VOTING MACHINE FACILITIES

As in the past, Voting Machine Facility Staff continues to be more efficient in preparing the equipment for an election. The Staff have improved their knowledge of the scanners and BMDs, reducing the average time to test and prepare a scanner down to 50 to 60 minutes, from 60 -70 minutes just two (2) years ago.

This year the Board of Elections (BOE) implemented a citywide Election Day incident tracking system (Election Day Responder) using tablets. This allowed the Board to track and respond to Election Day incidents more efficiently. If a problem occurred, the Voting Machine Staff with the assistance of ES&S (the voting machine manufacturer) were able to address problems within 25 to 35 minutes, a decrease of approximately half the time from the previous year.

POLL SITES

In 2014, the Board of Elections VEOU-Poll Site Division goals were:

- To continue making polling sites, paths of travel, entrances, exits, and voting areas accessible to individuals with disabilities.
- To ensure that each polling site is accessible, contains appropriate square footage, accessible entrance is visible, technology friendly, reliable and contains a survey that includes: schematics and floor plans for the placement of the Election Day equipment.

Federal Court Order Implementation:

In response to the requirements of the United Spinal Association Court Order, the BOE met with Evan Terry Associates (ETA) the court appointed experts to discuss their survey instrument and process for conducting the surveys. The result of these early meetings was that the ETA survey instrument and procedures were enhanced. Together we reached several agreements (videos, expanded ETA survey questions, surveying by zones) and several other changes that have significantly improved the quality of information that we receive in their surveys. We accomplished these changes and maintained compliance with the requirements of the court order.

The Board of Elections has identified and begun to modify system changes that will be required in order for the BOE to implement the solutions needed to eliminate accessibility barriers at poll sites identified during surveys. The solutions that will be implemented are additional staffing at poll sites on Election Day and/or equipment.

The VEOU Department plans to implement the new changes in the system during 2015 as the result of the surveys.

To accomplish these goals the Board of Elections this year introduced or enhanced the following:

- Sent to boroughs "ADA Supply Envelopes" that contained Special Instructions for Coordinators and tools to ensure that the proper placement of equipment and the pathways are ADA accessible and compliant.
- The ADA Special Instructions for Coordinators were condensed. These instructions were used to complete the ADA Journals and Accessibility Complaint Logs. Additional instructions were also included for polling sites that have Alternate Entrances, no Alternate Entrances, and for the use of Door Bells to be in compliance with ADA requirements.

- Poll site schematics were prepared to show the placement of the ADA Directional signs for voters with disabilities to find the accessible entrance. Floor plans were also included to show the placement of the equipment for the election.
- Additional training by the surveyors was conducted in the Coordinator class to understand ADA compliance requirements.
- Issued Special Instructions for Voting Machine Technicians to identify ADA problems during their Poll Sites visits.
- The Election Day Poll Site Accessibility Problem Reporting was enhanced. Problems identified by the new tracking system, and were followed up on.
- Poll Sites determined to be inaccessible have been canceled and new Poll Sites obtained. In some instances Election Districts were moved and/or consolidated to accessible poll sites.
- A Training program was developed and implemented on the proper identification, of parts needed for the installation of all ramp related equipment.
- As in the past, frequent meetings throughout 2014 with the New York City Housing Authority and the Department of Education, were held to help facilitate ADA compliance.
- During 2014 the Board of Elections was able to survey the following number of Poll Sites for ADA compliance:

Borough	Poll Sites Surveyed in 2014

Facilities Operations

NICHOLAS SQUICCIARINI
Facilities Manager

In 2014 the Facilities Department began the renovation of our General Office at 32/42 Broadway, which upon completion, includes all new paint and flooring along with bathroom and kitchen upgrades.

Department of Citywide Administrative Services (DCAS) and The Board had a kickoff meeting in Queens to begin the move of the Queens Borough Office from their current location at 126-06 Queens Blvd. to the new location at 118-35 Queens Blvd. on floors 11, part of 10, as well as an area designated for customer service in the lobby.

Additionally, the building our Manhattan VMF is located in at 450 West 33rd Street is being renovated. Upgrades include an entire new glass façade to the building's exterior, new lobbies, elevators and mechanical rooms. New paint, flooring repairs and other upgrades will be provided to the Board as recompense for our inconvenience during this large scale renovation.

Finally, City Time was installed and instituted in all Board offices in 2014.

SHERWIN SUSS
Agency Chief Contracting Officer

The Procurement Department's function is to oversee and process all of the Board of Election contracts for goods and services to ensure compliance with the New York City Procurement Policy Board Rules (known as the PPB).

The PPB was developed to ensure that all city agencies' procurement practices are uniform in application; and provide fair and equitable treatment to all persons doing business with the city.

VENDOR DATABASE

The Board continues to expand its database of vendors. The Board continues to investigate ways to increase competition for goods and services and cost savings for the agency. The Board also avails itself of the many DCAS Citywide and State OGS contracts where cost savings can be maximized.

PREFERRED SOURCE SOLUTIONS

The Board continues to aggressively expand its use of Preferred Source providers through NYS Industries for the Disabled (NYSID), receiving excellent services at competitive prices while providing employment to New Yorkers with disabilities.

One of our recent successes with the NYSID vendor is our current contract with SHRED ability, which employs people with disabilities at its local shredding facility. With the legally-mandated shift to a paper-based electronic voting system in 2010, the Board had to devise a means to securely destroy millions of ballots following their retention period. SHRED ability has removed, shredded, and re-cycled over 350 tons of paper from our warehouses at lower rates than any other company.

Where possible and applicable, the Board strives to use local or NY based companies. In this way the Board contributes to the overall economic multiplier effect that plays a vital and supportive role in NY's economy.

Electronic Voting Systems Department

JOHN NAUDUS
Director, Electronic Voting Systems

“The mission of the Electronic Voting Systems (EVS) Department is to administer and support the Board’s computerized voting systems during pre- and post-election activities conducted in each of the five counties in the City of New York.”

The Board’s computerized voting systems administered and supported by the EVS Department include the Central Scanning and Tabulation System for Absentee, Military, Federal, Presidential and Affidavit Ballots; the Election Management System for Ballot Marking Devices (BMD); and the Poll Site Voting System (PVS) used at the poll sites on Election Day. EVS prepares these systems by populating them with the data needed for each election. EVS also works with the system providers to ensure all systems meet the unique requirements of the New York City Election process. In addition, EVS helps develop enhancements (subject to State Board of Elections (SBOE) approval and certification) that improve upon the smooth operation of the systems.

EVS provides assistance and support during pre- and post-election activities in each county. Some of these activities include:

- Testing the Central Scanning and Tabulation System for Absentee, Military, Federal, Presidential and Affidavit Ballots
- Writing the Portable Memory Devices (PMD) with the specific data parameters required for each election
- Reading the PMDs that contain the results from each Poll Site Voting System scanners
- Re-canvassing election results
- Canvassing ballots for Write-in Votes
- Auditing the Poll Site Voting System results
- Auditing the Central Scanning and Tabulation System for paper ballots
- Canvassing Absentee, Military, Federal, Presidential and Affidavit Ballots

The Board conducted three elections in the year 2014: the June Federal Primary, the September State and Local Primary and the November General Election. The Poll Site Voting System (PVS), the Ballot marking Devices (BMD), and the Central Scanning and Tabulation System for Absentee, Military, Federal, Presidential and Affidavit Ballots were used in all three elections.

UNOFFICIAL ELECTION NIGHT RESULTS REPORTING

At the close of polls on Election Night, materials used at all poll sites were packaged, sealed and given to the NYPD. The NYPD then transported the materials to the police precincts that same night. Bi-partisan teams of Board personnel received the materials at each precinct. The materials included the Portable Memory Devices (PMDs) used in the Poll Site Voting System on Election Day. The PMDs were tracked using Radio-frequency identification (RFID) equipment and then routed to another bi-partisan team, where the PMDs were read into dedicated laptops specifically prepared to gather unofficial Election Night Results (ENR). At the end of the process, the bi-partisan teams returned the election materials to the NYPD for transport to the Board's Voting Machine Facilities (VMF).

The ENR Laptops transmitted the unofficial election night results to a Secure File Transfer Protocol (SFTP) server at the General Office. Election Reporting Manager (ERM) servers at the General Office read the unofficial election results from the SFTP server. At periodic intervals throughout election night, the unofficial results were electronically transferred to the Board's ENR website, the SBOE, the Board's central election management system and the media.

On the night of the General Election, in addition to using the ENR Laptops at the precincts, the Board implemented a Pilot Program for the electronic transmission of unofficial election night results directly from the poll sites after the closing of the polls. In over 200 poll sites throughout the five counties, teams of bi-partisan Board personnel used Android Tablets, with software developed by EVS, to transmit unofficial election results directly from the poll sites to an SFTP server at the General Office. The Board received results from 22% of the PVS systems from the closing of the polls at 9:00pm until 9:30pm. The outcome was a significant improvement in time from the results received from less than one percent of the PVS systems, within the same timeframe on the night of the 2013 General Election. This Pilot Program provided a more efficient distribution of unofficial election night results.

For a breakdown of the use of both the ENR Laptops and the Android Tablets for obtaining unofficial election night results, please see **Figures 1 and 2**.

UNOFFICIAL ELECTION NIGHT RESULTS WEBSITE

The Board published unofficial Election Night Results (ENR) on its website for all elections in 2014. EVS developed the ENR website to work in tandem with the ENR reporting process. The Board electronically updated this website at periodic intervals, making the latest unofficial election night results available for public viewing.

The ENR website was viewed on each election night after the closing of the polls (from 9:00pm to 9:00am the next morning) as follows:

Election	Number of views
June Federal Primary	130,077
September State and Local Primary	290,586
General Election	164,431

See **Figure 3** for an illustration of the number of views the ENR website received on election night.

ARCHIVAL OF PORTABLE MEMORY DEVICE (PMD) DATA

With Board approval, EVS made it possible to re-use Portable Memory Devices (PMD) prior to the two year maturity date required by *Election law §3-222. Preservation of Ballots and Records of Voting Machines*. To achieve this goal, EVS developed and implemented a strategy to retrieve data from PMDs used in an election or testing and stored the data on a dedicated server. The server maintains the data retrieved from the PMDs for the mandated two year timeframe, and the PMDs are prepared for use in the next election. To accomplish this task, EVS developed the software used to extract the data from the PMDs. EVS also developed detailed procedures and tracking materials to use in conjunction with this software.

Teams of bi-partisan personnel completed this work in each of the five counties using the software, procedures and tracking materials provided by EVS. EVS provided on-site guidance and support throughout the entire archival process.

BALLOTS

For all of the Elections in 2014 combined, more than 1,430,000 ballots were cast in the city of New York. About 66,000 ballots were Absentee, Military, Federal and Affidavit ballots that were processed by the central scanning and tabulation system, or manually tabulated. In addition, more than 1,370,000 paper ballots were cast at poll sites, and scanned and tabulated by the Poll Site Voting System (PVS). See **Figure 4** for an illustration of the ballots cast in 2014.

EVS continues to explore and develop innovative ways to improve the Board's computerized voting systems and enhance the voting experience for the City of New York. Please see **Figure 5** for a historic perspective of the mechanical and electronic voting systems used since the founding of the Board of Elections in the City of New York.

Personnel and Records Management

NINA CRISPINO
Director of Personnel /
Records Management Officer

The Personnel Department is responsible for the well being of all employees at the Board of Elections. As a new employee is processed, in addition to completing the appropriate paperwork, both the Policies and Procedures Handbook and Conflict of Interest Board (COIB) Manual are provided and an Identification Card is issued.

Health Insurance, Management Benefits Fund, Deferred Compensation and Pension Benefits are the responsibilities of the Personnel Department as well as the processing of all Workers' Compensation claims. All benefits are updated as needed throughout the tenure of the BOE employee. Verification of Employment and Unemployment Benefits applications are also processed through this Department.

For those employees in need of counseling, referrals are made through this office to the Employee Assistance Program (EAP). To encourage employees in need of the varied services offered by the EAP and make them comfortable about seeking help, a high level of confidentiality must be maintained.

Fact-finding inquiries are held when there is a complaint of harassment. What action, if any, is determined by a bipartisan panel, consisting of the Director of Personnel and a member of the Legal Department and/or other staff member.

Matters of discipline fall under the jurisdiction of the Personnel Department. Alleged Violations of the Policies and Procedures Manual are investigated and hearings held as necessary.

Disciplinary hearings are conducted and actions are taken under the direction of the Commissioners of Elections. If a hearing determines that a violation has occurred, the employee may be reprimanded or disciplined. The disciplinary actions may include probation, suspension or termination.

The Director of Personnel also serves as the Records Management Officer for the Agency. Monitoring the storage and disposal of Agency Records following the guidelines set forth by the NYS Retention and Disposition Schedule.

GERALD SULLIVAN
Finance Officer

The work of the Finance Office, probably uniquely, is not really keyed to the Election cycle. Rather than having a “busy season” the Finance Office does a fairly consistent volume of work at every point in the year.

The Finance Office is divided into two sections:

1) PERSONAL SERVICES (PS)

Personal services are the payroll section. Payroll data is accumulated from the five borough offices, Voting machine facilities and the General office and is processed. There is a constant liaison between the various responsibility centers. There is also a natural overlap between the work of the PS section and the board’s Personnel Department.

2) OTHER THAN PERSONAL SERVICES (OTPS)

The O.T.P.S. section is the accounts payable section. Approved bills are accumulated from the various managers and paid. Finance works closely with the Agency Purchasing Department.

The Finance Department prepares reports and handles special projects as required. Finance plays a key role in all aspects of the Agency’s budgeting process. In addition the Finance Office drafts letters and testimony for Management for those subjects that fall within our sphere of responsibility. The Finance Officer accompanies and assists management when testimony relative to fiscal matters is given.

The Finance Department provides the fiscal infrastructure for the smooth running of all day to day operations of the New York City Board of Elections.

FISCAL YEAR 2014 BUDGET HIGHLIGHTS

In Fiscal Year 2014 the Board of Elections conducted the following election events: a Citywide Primary, Run-Off Election for Public Advocate, a Citywide General Election, and a Federal Congressional Primary. The Federal Congressional Primary Election took place in the last week of the fiscal year. Due to the hard work and cooperation of the New York City Council and the Office of Management and Budget, the Board was able to overcome any fiscal hurdles.

In the spring of 2014 the Commissioners of the Board of Elections unanimously selected the Office of Payroll Administration (OPA) sponsored CityTime web-based timekeeping system to replace the “time card/punch clock” method of recording Board of Election employee time.

An inter-departmental Project Team was established here at the Board to carry out the mandate of the Commissioners. The Project Team (spearheaded by the Board’s Finance Department) included the Payroll, Management Information Systems and Facility Management departments. This team was tasked with coordinating with OPA, Financial Information Services Agency (FISA) and the Department of Information Technology and Telecommunications (DoITT) the installation of the hardware/software (hand scanners and personal computer connectivity to OPA’s website); the training of BoE personnel in the functionality and utilization of the CityTime system; and the implementation of the system at all BoE facilities.

Thanks to the efforts of the General Office Project Team along with the cooperation of the Chiefs and Deputy Chiefs and administrative staff of the five borough offices implementation of the CityTime system was successfully completed at all of the Board’s facilities by February 2015.

Legal Department

STEVEN H. RICHMAN
General Counsel

RAPHAEL SAVINO
Deputy General Counsel / Director
of Campaign Finance Enforcement

The Legal Department provides legal counsel to the Commissioners of Elections and to the Board's executive staff on a wide range of matters relating to ballot access, the conduct of elections, and governmental agency administration.

ADMINISTRATION

The Legal Department drafts for consideration and adoption by the Commissioners all election calendars. The Legal Department drafts for consideration and adoption by the Commissioners proposed Rules for Designating and Independent Nominating Petitions. In addition, the Legal Department recommends to the Commissioners revisions of formal Board policies and procedures to ensure legal compliance.

LEGISLATIVE ACTIVITIES

The Legal Department regularly monitors all legislative and judicial action that impacts election administration and advises the Commissioners on all legal developments affecting the administration of elections, including statutory compliance with State and Federal mandates related to the Voting Rights Act and the Help America Vote Act and related judicial directives. In addition, the Legal Department drafts for consideration by the Commissioners the Board's annual proposal of legislative amendments for presentation to, and consideration by, the State legislative leaders.

COMPLIANCE ACTIVITIES

The Legal Department advises the Commissioners on all elements of the Board's compliance with the federal Voting Rights Act. Any change in election administration affecting voter election participation in a covered county* must be approved in advance by the Department of Justice. To ensure compliance with the Voting Rights Act, the Legal Department oversees the preparation and filing of all applications to be submitted to the Civil Rights Division of the United States Department of Justice and the Legal Department advises the Commissioners accordingly.

BALLOT ACCESS

In addition to drafting the proposed Rules for Designating and Independent Nominating Petitions, the Legal Department oversees all aspects of the process for candidate filing and Board review of nomination petitions. In addition to overseeing this Board function, the Legal Department acts as liaison with the Board's trial counsel in connection with any judicial review of related Board function.

LITIGATION

The Legal Department acts as the Board's liaison with the Board's trial counsel on all matters of litigation involving the Board of Elections, its operations, and personnel.

* In New York City the counties covered by the Voting Rights Act are New York County, Kings County, and Bronx County.

Management Information Systems Department (MIS)

STEVEN FERGUSON
Director, MIS

OVERVIEW

The MIS Department had another full and challenging year in 2014. The three major election events compressed all our activities and initiatives, requiring maximization of all our limited resources. Challenges required the Department to respond to short deadlines, while at the same time, providing ongoing operational support, systems enhancements and major new development. As we have for some time in 2014 we were again working with staff limitations, and a full spectrum of installing new hardware, systems software, server operational structure and data network facilities for Executive Office (EO) and Disaster Recover (DR) data centers. While at the same time upgrading, developing and installing new and advanced computing capabilities such as mobile and cloud computing.

We began the process of upgrading to new redistricting software for use in our maintenance and future production of districting information and maps. What we accomplished in 2014 would not have been possible without the dedication and efforts of key staff members and our consulting/development group (IMI, SageSmith and N-Tier).

MIS AREAS OF RESPONSIBILITIES

The MIS Department is responsible for all BOE **Election Information Systems (EIS)**, operations and management of two major data centers, user support, email and data security systems, data networks, phone systems and the print shop. In addition we continue to maintain the redistricting program and maintain and updated district information and interfacing with City Planning.

MIS INFORMATION SYSTEMS DEVELOPMENT PROGRAMS 2014

The following is a summary of our major information systems and operational support programs for 2014. These programs included planning, requirements determination, design, development, testing, training and implementation within the integrated framework of our **Election Information Systems (EIS)**. The major subsystems include **AVID, S-Elect/S-Elect 7** and the new mobile application subsystems **M-Elect**.

EIS CORE S-ELECT/S-ELECT 7 SUB-SYSTEMS DEVELOPMENT & EXTENSIONS

There were also a number of significant enhancements to S-Elect particularly in the Poll Worker and Call Center modules. SageSmith also consulting with IMI and n-Tier in assisting MIS in a major new operational program regarding Virtual Machine rollout, installation of fully-qualified resource naming and the voter registration database redesign. The following are the major 2014 enhancements to the EIS Core S-ELECT/S-ELECT 7 Sub-Systems.

- 1. Modernized Encryption**
- 2. Incorporated new Unused ED/AD table**
- 3. Created Faster more Robust Scanning Solution**
 - a. Handled two new ADA documents
- 4. Poll Worker**
 - a. Added cell phone to phone search
 - b. Added standby report
 - c. Added prompt to Payroll Signer "Are you sure you want to sign as?"
 - d. Updated assignment of Support Staff by Site List
 - e. Created Event Site List Report
 - f. Incorporated changes to Poll Worker Pay File
 - g. Streamlined App flow navigation
 - h. Updated Notice to Work, Notice to Train, Renewal and Availability Notices
 - i. Changed Order of First name and Last Name
 - j. Streamlined load of Facility Rooms for PW Class page
 - k. Added new Trainer Report
 - l. Added Warning when an employee ID is already taken
 - m. Added an option to choose positions that will receive Work Notices
 - n. Sped up last renewal processing
 - o. Created "Hold payment" mechanism off signoff of payroll file
 - p. Automated Special Absentee Process
 - q. Added Report for Training Supply Needs based on poll worker population
 - r. Added more slots for Assistant Trainers to a class
 - s. Added facility to automatically pay an assistant trainer like a trainer
- 5. Facility**
 - a. Added School Building ID to General Tab
 - b. Added Facility Equipment Requirement Change to Facility Activity
 - c. Added Indicator of Unused EDADs in Facility ED Info Tab
 - d. Added Batch BDEL decision Processing

- 6. Candidate**
 - a. Enhanced Court Ledger Report
 - b. Created new Ballot Ordering Report
 - c. Removed Language from Lotting
 - d. Enhance Multiple Designation Letter
 - e. Added Filters to Financial Non-compliance Report
 - f. Enhanced Contest List Approval Process
 - g. Redesigned COV capture for better processing
- 7. Election Night Reporting**
 - a. Added QR Code to ENR Clerk Certificate
 - b. Changed ENR progress from stick-based to site-based
- 8. Results**
 - a. Enhanced discrepancy page for mouse over details
 - b. Added Federal Military Write-In capability
- 9. Call Center**
 - a. Suppress duplicated on resource workload
 - b. Removed print button on resource workload
 - c. Made all created/assigned/resolved by names uniform
 - d. Added Technician Phone Number to Technician Page
 - e. Added coordinators and cell phones to Poll Site Details in Tracker drill down
 - f. Enhanced Event Support Team Report
 - g. Added SUR to type key in Support Staff page
 - h. Added a naming guide next to the name field on Support Team page
 - i. Added County Filter to Support Staff page
 - j. Added filter for Personnel Type to Support Staff Page
 - k. Optimized call counting to use "exists"

EIS MOBILE SUB-SYSTEM DEVELOPMENT & EXTENSIONS

The 2014 saw significant new development and enhancements to EIS Mobile applications including ElectionResponder.com, ElectionDayWorker.com and PollSiteLocator.com permitting them to work on any device using a modern browser without the need of hosting a mobile and desktop solution for each site. These enhancements to our EIS Mobile Suite include:

- 1. Election Day Worker**
 - a. Added Employee ID to Compare Page
 - b. Updated password strength algorithm
 - c. Enhanced Emailing
 - d. Added Change and Availability Numbers to Queue Stats
 - e. Added User-definable Effective and Expiration Date Processing for Applications
 - f. Added Renewal Processing

Management Information Systems Department (MIS) Cont'd

- g. Added Availability Notice Subsystem
 - h. Added Notice To Train Subsystem
 - i. Added Notice To Work Subsystem
 - j. Added Class Cancellation Subsystem
 - k. Added Log for Verified and Compared Applications
 - l. Enhanced User interface (removed growls)
 - m. Added Primary Navigation
 - n. Enhanced Password Reset
 - o. Added Poll Worker Dashboard
 - p. Added "On Hold" to applicant status and queues
 - q. Added Poll Worker "Change Request" transaction
 - r. Handle addresses outside of the city
 - s. Added User Email Change Process
 - t. User Interface Overhauled to use Responsive Design enabling use of any modern device
- 2. Election Responder**
- a. Added a Call Type Filter to Ticket Queue
 - b. Added Responder Profile Page
 - c. Added a CC2 External Contact Registration Mechanism (for ES&S workers and others)
 - d. Added visual indicator for oldest ticket and a new ticket indicator
 - e. Obtained (from S-Elect) and displayed Poll worker's full name in ELR where appropriate
 - f. Optimized flow to ensure comments are optional
 - g. Added a flag in Call Incident Table to indicate ELR involvement for better reporting
 - h. Optimized Ticket retrieval by creating a Ticket Summary Class for CC2 and ELR
 - i. Improved Navigation after ticket creation
 - j. Added "Accessibility" Speed Ticket option in site detail
 - k. Added position context for non-vacant coverage items
 - l. Created a management-level view on a map
 - m. Updated wording for Robot Detector
 - n. Enhanced Ticket Search Box with ticket number placeholder
 - o. Changed registration to use Production settings only
 - p. Enhanced Dashboard
 - q. Mapped ELR User ID into Select User table
 - r. Added Surrender Reasons for Tickets
 - s. Enhanced Rover list to indicate "My Tickets"
 - t. User Interface Overhauled to use Responsive Design enabling use of any modern device
 - u. Created a Homepage with Sign in and Password Recovery
 - v. Enhanced system to auto-detect Production or Training Data Sources
 - w. Incorporated Technical Support Email/Kayako Support
 - x. Enhanced "My Ticket" queue to include open and resolved status
 - y. Added a sign up page for AD Monitors and Techs
 - z. Added Failover partner for Database
- 3. Poll Site Locator**
- a. Added Language to Ballot Styles
 - b. Enhanced Emailing
 - c. Created "Street Finder" application
 - d. User Interface Overhauled to use Responsive Design enabling use of any modern device
- 4. Election Hub**
- a. Updated live map to use different colors for opened and resolved
 - b. Enhanced Emailing Process to Hub
 - c. Added Web hooks to log Email activity
 - d. Added Chron Scheduling to Hub Services
 - e. Created Hub Services – for handling asynchronous activities for Hub
 - f. Restricted audit of Encrypted fields
 - g. Added Cover Image to Branding Page
- 5. Built an admin info request form Election API**
- a. Enhanced Emailing
- 6. Election Street**
- a. Created Sample project for users
- 7. Slink Sync**
- a. Added Wizard to create slink sets to soft-code data synchronization
- EIS CORE AVID SUB-SYSTEM DEVELOPMENT & EXTENSIONS**
- AVID Registration 2014 development activities can be divided into three areas. First, we added a few new user-requested features to AVID Voter Registration. Second, we modified AVID to take advantage of new technical platform upgrades deployed at the BOE. Third, we developed new modules and completely re-wrote AVID to exploit a new, less paper-intensive future.
- 1. New User Features** – The following user features were added to improve the absentee process, NVRA statistics gathering, and culling the voter rolls:
- a. New nursing home module to produce facility enrollment and ensure nursing home residents are coded with correct absentee type.

Management Information Systems Department (MIS) Cont'd

- b. Additional absentee types processing for poll workers and new fields for MOVE (Military and Overseas Voter Empowerment) voter support.
 - c. New functions and reporting for cancelling voters from Social Security Administration deceased lists.
 - d. Improved rollup and NVRA Report statistics to state.
 - e. Added Bengali language translations to voter notices.
- 2. Platform Upgrades**
- a. We made some AVID database design changes and modified stored procedures to take advantage of a major SQL database version upgrade.
 - b. Made minor AVID modifications, tested, and deployed AVID running in a virtual server environment.
 - c. Upgraded AVID technical architecture to latest development patterns and toolsets during re-write. These new methods improve testing and make system modification much easier in the future.
- 3. Major New Direction** – In recent years the voter registration process has moved steadily from a paper-based, labor intensive document management effort toward a platform for electronic document and transaction management. In a 2013 project dubbed “AVID Satellite,” we spent significant time envisioning and redesigning our voter registration system and extensions to accommodate this new reality. In 2014, we developed new programs and re-coded AVID and companion modules to meet many of these new design objectives. Specifically, the AVID Satellite design for voter registration anticipated automated processing of the following transactions:
- a. Duplicate, death, and felon notifications from the NY State Board of Elections
 - b. Department of Motor Vehicle Registrations
 - c. Online Voter Registrations from voters
 - d. City Agency based registration transactions
 - e. CUNY originated registration transactions
 - f. Electronic Poll book transactions
- 4. External Voter Registration Submission** – While we started processing electronic duplicate, death, and felon notifications from the state using AVID Version 4.0 in 2013, we have made great strides toward meeting many of the other external submissions goals in 2014:
- a. In March 2014, we put into production a module that queries the Department of Motor Vehicles for electronic voter registration transactions. The module reformats the data for BOE use and adds the transactions to the AVID work in process queue. To date, we have saved significant processing time on more than 50,000 registration documents received over the DMV interface. It is important to note that the AVID system still enforces the bi-partisan review and consent of all transactions including the new electronic ones.
- b. Also in December 2014, we tested AVID 5.1 with the new Satellite components optimized for electronic transactions and new administration and security functions. Importantly, we have designed the backend with robust queueing architecture. One of the advantages of this approach is that we will be publishing an API (scheduled for the first quarter of 2015) to permit authorized systems to send electronic transmissions through the Cloud to the Board of Elections. We have had early discussions with CUNY to perhaps being an early adopter for this new interface.
 - c. In December 2014, we began preliminary development and testing of a new online voter registration web application as part of the EIS Mobile AVID subsystem. The Online Voter Registration is designed to be a website for any New York City resident to securely keep his or her voter registration up date with a PC, tablet, or phone. This includes regular, military, and overseas voters. The website offers translations for registration document processing in English, Spanish, Chinese, Korean, and Bengali. Further, the voter will be able to use the website to fill out applications to request regular, military, overseas, and special presidential absentee ballots.
 - d. As we move into 2015 it is important to note, as part of our EIS Mobile - AVID Satellite architecture, the web applications are also designed to be used as a possible tablet-based kiosk for New York City agencies covered by the Pro Voter law. With proper security credentials, the website’s review registration screen can be called with parameters set by an external system such as one in a city agency. The voter information would be prefilled from the parameters. The voter might need only to select his/her desired political affiliation, sign the tablet and the transaction will be sent to the Board of Elections in real time. Deploying agency kiosks will obviously involve cooperative design work with each Agency, but we have invested significantly in design and programming to be ready on our end.

BOE STAFF APPLICATION SUPPORT & DEVELOPMENT

MIS continues to support BOE Staff applications including a number of which were modified and/or extended in 2014:

1. Employee Car Tracking Applications
2. Finance Invoice Tracking System
3. Testing and evaluating RFID Infrastructure
4. Continues operational support and testing of Election Night PMD RFID tracking Application
5. Voter Registration Tracking Systems Enhancements
6. Front Counter

DATA CENTER & GENERAL SUPPORT

MIS is responsible for the management and operations of our two major Data Centers (Executive Office (EO) & Disaster Recovery Site (DR)). These responsibilities include the maintenance and operation of the hardware, systems software, network and backup facilities including:

1. MIS Infrastructure, Data Centers, System Software, Data Security, Backup Operations and Processing Support
2. Maintaining all Application Authorizations and Access Security
3. Management and Operation of the Help Desk Process
4. Maintaining and Managing the internal Email and Exchange System

In 2014 two key technical staff individuals (Antonio Ortiz and Craig Churaman with the support help of Louis Mejia) installed a major reconstruction of our server structure incorporating VM technology which provided a dynamic storage and processing capability resulting in a cost effective use of our physical server capacity.

MIS Operations completed the upgrading of our entire server infrastructure at both data centers and upgrading the system software operating and database systems. Operations are in the process of upgrading all workstations to Windows 7 operating system and the upgrading of Internet Explorer (IE) to the more advanced versions, a critical requirement to our EIS applications.

The E-Mail and Exchange system is under review to assess new and expanding requirement for interfacing with multiple email facilities while maintain the integrity and security of our internal system. We will continue to test and implement appropriate changes into 2015.

DATA NETWORK & VOICE SYSTEM

This year we completed a number of significant projects which included:

1. **Agency-wide WAN upgrade** from low bandwidth (4.5Mbps) T1 circuits to high bandwidth (50Mbps) EPL circuits. Also, as part of the LAN/WAN Optimization we replaced all 100Mbps Core Switches at all remote locations with Gigabit Ethernet Switches with capability to implement Access Control Lists if required in the future.
2. **Migrate all workstations and printers** on all 3 floors at the Executive Office to a Staging Network, and prepare the Executive Office for new VLANs (to be introduced in early 2015). Creating VLANs at the Executive Office will help (a) reduce and contain unnecessary broadcast traffic, (b) enhance delivery of key applications such as AVID and S-Elect to all users, (c) facilitate new applications such as Web-Ex and Video Conferencing, (d) allow quicker trouble-shooting and problem isolation, and (e) enhance overall security and regulation of data-traffic via ACL (Access Control Lists) applied to specific VLANs.

3. **Begin implementation of the LAN & WAN infrastructure for the CityTime Application** agency-wide. Complete installation at the Executive Office, at the Queens Borough, at the Bronx Borough, and at the Staten Island Borough by December 2014.
4. **Begin implementation of Broadband Internet links** at all Borough Offices and VMFs. Complete installation at the Manhattan Borough and the Bronx Borough by December 2014.
5. **For all boroughs, streamline and then standardize the Main Telephone Numbers** and the Prompts associated with the Election-Day Call-Center Hotlines.

PRINT SHOP

In 2014 the Print Shop processed expanded volumes of publications such as Street Finders, Enrollment Books, Political Calendars, Voter Cards, Poll worker Letters, Poll Site Accessibility Letters, Poll Site Change Notices, Renewal Notices, Notices to Train, Notice to Work, Coordinator Handbooks, Availability Notices, CRU Letters, Transmittal Receipts and Poll Books in support of election events. The Print Shop has been an important facility for the Board's communication with our voting public, political constituencies and in support of the election process.

Customer Service

DANIEL LAVELLE
Coordinator of Customer Service

"The mission of the Customer Service Department (CS) is to provide information requested by any and all New York City residents."

The CS Department is comprised of three components: (1) Inbound Call Center; (2) Reception Counter; and (3) Online Inquiry. The Department is operational throughout the year to accommodate any requests. CS provides language support in English, Spanish, Cantonese, Mandarin, Korean, Bengali, Hindi and Punjabi. CS handles a diverse range of calls, e-mails, on-line chat requests and in-person inquiries. These include requests concerning anything from a voter's registration status or poll site location, to information about the Poll Site Voting System. In addition, the Department also supports field staff and poll workers in tracking and resolving incidents that occur at the poll sites during an election.

TOTALS FOR 2014

End of Year Call Totals 1/1/2014-12/31/2014	
Total Number of Calls	24,758
Webchat	1,062
Email	1,565

New Functions added in the last quarter of 2013 include web chat and email. These applications can be found on the Board's website vote.nyc.ny.us under the contact us page.

Ballot Management Department

THOMAS SATTIE
Ballot Management Supervisor

The Ballot Management Department is responsible for the proofing, ordering, delivery, and maintenance of all ballots used in elections in the City of New York. Additionally, we work in conjunction with the Board's Language Assistance Program's Coordinator and Deputy Coordinators to ensure all ballots are translated properly and in a timely manner into all languages required by Section 203 of the Federal Voting Rights Act.

In 2014 the Board conducted three elections: a Federal Primary, State and Local Primary, and General Election. Beginning with the General Election, at the direction of the Board's Commissioners and Executive Management we began printing ballots in no more than three languages. This meant that in while 4 of the 5 counties in the City of New York saw no change to their ballot, in Queens County as many as 3 different versions of the ballot were produced. The idea was to enhance readability of all languages on all ballots in all counties. The use of this methodology was successful; as the Board was able to produce ballots with a 50% larger font size for candidate names than it would have under the former guidelines.

Still, in 2014 the Ballot Management Department continued to work with various advocacy and good government groups to improve the design and readability of the Election Day ballot. As a result of this effort, the Board submitted numerous recommendations for law changes to the New York State Legislature to address concerns such as small type, difficult to follow instructions, and overall readability.

All told, the Board spent approximately \$6.5 million dollars for ballots to conduct the 2014 Elections, continuing to decrease the amount ballots cost for the City of New York.

In closing, the Ballot Management Department hopes to continue its mission of producing clear and easy to understand ballots for all voters in the City of New York to vote on and have their voices heard.
