...A similar bipartisan arrangement of over 351 deputies, clerks and other personnel ensures that no one party controls the Board of Elections. The Board appoints an executive staff consisting of an Executive Director, Deputy Executive Director and other senior staff managers charged with the responsibility to oversee the operations of the Board on a daily basis. Together, the executive and support staffs provide a wide range of electoral services to residents in Manhattan, The Bronx, Brooklyn, Queens and Staten Island.

The Commissioners of Elections meet every Tuesday at the Executive Office, in addition to the special hearings, legislative sessions and specific issue-oriented meetings (electronic voting, election legislation, labor management, rules and budget) during the calendar year.

Mission Statement

The Board of Elections in the City of New York, as provided under Section 3-200 of the New York State Election Law, is responsible:

- 1. To conduct fair and honest elections, from local to federal levels;**
- 2. To enfranchise all eligible New Yorkers to register to vote and to practice those rights;**
- 3. To conduct elections, certify the canvass and to retain the official records;**
- 4. Voter outreach and education.**

Briefly stated, this means:

First, the preparation of the ballot for Primary, Special and General Elections to the extent that all vacancies for public office and party positions may be filled.

Second, that qualified voters may exercise their right to franchise and that every opportunity be given to voters to execute that right and to vote for whom they choose.

Third, that the votes of the electorate at Primary, Special and General Elections be properly canvassed and that a true count be given for each candidate voted for.

Finally, that we make every effort to inform and educate the voting public of their rights as a voter and also to reach out to all Americans to instruct them in the voting process.

The following pages of this report will illustrate some of the duties as classified in the above synopsis.

President's Message

Wow! What a year it was. The hard-working and dedicated employees at the New York City Board of Elections during a busy election year provided the citizens of the City of New York with two special elections, a primary election and citywide general election to select a Mayor, Public Advocate, Comptroller, the New York City Council, several District Attorneys and Judges. Through the tireless efforts of senior management, Executive Director Michael Ryan, Deputy Executive Director Dawn Sandow, Administrative Manager Pamela Perkins and Operations Manager Georgea Kontzamanis, the Board conducted these fair, open, transparent and honest elections.

The New York City Board of Elections began 2017 with a governmental education effort with the New York State Legislature to encourage the legislators to pass new laws to enlarge, clarify and simplify the ballot. We are working to have many of these changes implemented in 2018.

The thousands of poll workers who conduct the elections are truly under-appreciated beacons of liberty. Our poll workers start their election day at 5:00 a.m., opening the polls and work until 10:00 or 11:00 p.m., closing the polls and tabulating the votes. The Commissioners salute their efforts on behalf of the citizens of our city. We encourage all those wishing to participate in the political process to become a poll worker and perform this much needed service for our great democracy.

Some of the Board's major accomplishments during 2017 included:

- implementing a new computerized sign-in and assignment system for Stand-by poll workers;
- recruiting High School poll workers through the BOE's High School Recruitment Program providing approximately 275 new young technically savvy poll workers;
- expanding its advertising campaign to recruit more poll workers resulting in posters in over 14,000 subway, buses and bus shelters throughout all five boroughs;
- continuing our voter outreach efforts to register new eligible voters, recruit poll workers and educate the public about the election process;
- updating the Board website and further development of applications for smart phones and computers to provide voters with candidate and voting location information;
- developing and enhancing the Election Night tally procedure utilizing portable memory sticks and the latest approved technology to provide almost immediate unofficial election returns on Election nights and providing periodic updates throughout the night;
- encouraging further utilization by poll workers of tablets for monitoring poll sites and confirming compliance with the Americans with Disabilities Act requirements at poll sites; and
- introducing enhanced cyber-security updates to avoid outside interference with the election events.

In addition, the Board of Elections continued the process of improving accessibility required by the United States District Court in order to ensure that all New York City voters freely and independently exercise the voter franchise. The Board continues its efforts to educate the public, community groups and elected officials regarding the requirements of the Americans with Disabilities Act related to the voting process.

Next year there are two primaries and a general election to elect a Governor, the entire New York State legislature, a United States Senator, our entire delegation to the House of Representative and various judges. In addition several special elections are expected.

The annual report will detail many of the advancements made during the year and highlights our goal of making the voting process fair and efficient for all voters. We encourage all interested parties to visit our website, www.vote.nyc for more information including various appendices not included in this printed version.

Respectfully Submitted,

Frederic M. Umame,
President for Year 2017

Communications and Public Affairs

VALERIE VAZQUEZ
Director of Communications and
Public Affairs

One of the Board's top priorities is to ensure that every Election Day is implemented as smoothly as possible. To raise awareness and understanding about the voting system, the Board continued its education efforts in 2017 with the main focus on voter registration and poll worker recruitment.

As a trained poll worker corps is an essential element of any successful Election Day, the Board took steps to provide poll workers with the knowledge and tools necessary to successfully implement the Election. A key element of this preparation was a heavy focus on poll worker and interpreter recruitment to assist in replenishing a robust poll worker corps. As a result, the Board's 2017 public education campaign centered on a multi-pronged approach:

1. Continued voter education to raise awareness and prepare voters to use the voting system;
2. Recruitment of eligible New York City voters to serve as poll workers and interpreters and to provide them with real time experience with voters using the system on Election Day; and
3. Increasing voter registration by attempting to register new voters at all scheduled outreach events.

The 2017 Public Education Program targeted voters in all five boroughs. This included first time voters as well as senior citizens, multicultural voters, and voters with disabilities. By Federal mandate, all public educational material was provided in English, Spanish, Chinese, Korean and Bengali.

The public education campaign continued to use and build upon a surround-sound communications approach that delivered key messages and engaged targeted audiences in voter education efforts and recruitment opportunities. Due to New York City's diverse voter population, the Board implemented a campaign that integrated a range of tactics including stakeholder engagement, digital outreach, materials development and earned media.

Communications and Public Affairs Cont'd

For 2017 the Board launched an outdoor transit media campaign across all 5 boroughs. The ads were placed in trains and buses that crossed all Boroughs for a total of 16 weeks. The campaign resulted in 30,000 hits to nyc.pollworker.com and over 1400 new poll workers were hired.

- Bipartisan Outreach team members attended events across the city to encourage eligible voters to serve as poll workers while educating and preparing voters for Election Day.

The Board also leveraged our legal ads to:

- Outreach was continued to key stakeholders to enlist their support in educating audiences about the new voting system and encouraging poll worker applicants.
- Social media engagement was ramped up to further grow the Board's digital audiences and stakeholders.
- Educational materials in multiple languages were distributed at community events and made available on the Board's website.

Additional highlights of the 2017 public education campaign include:

- The Board's continued posting of online sample ballots in the Board's efforts to assist in preparing voters to use the new voting system.
- The Board's outreach team continued to proactively engage local community groups throughout New York City in addition to elected officials to encourage voter education and poll worker recruitment.
- The outreach team staffed community events throughout all five boroughs to educate voters about the new voting system, recruit eligible residents to serve as poll workers or interpreters, as well as register voters.
- On Election Day, the team engaged with NYC voters through timely Facebook postings and Twitter messages starting when the poll sites opened and continuing until the poll sites closed.

The home page of the Board's website prominently features tools and resources working towards the Board's priorities — including public education on voting, poll site locator, and sample ballots, as well as information on voter registration, poll worker recruitment, and absentee voting. The website also features sections devoted to specific audiences, such as voters, candidates, and poll workers. With the click of the mouse, users will also be able One of the Board's priorities for 2018 is for the complete redesign of the existing site to become more user friendly. The Board's website had a total of 3.54 million visitors, with 1.07 million clicks to the poll site locator.

NEW DESIGN OF DEDICATED MAILING PRIOR TO GENERAL ELECTION:

In an effort to improve communications with the voters, the annual Voter Information Notice Mailer was significantly changed in the past year. Originally, all five languages were printed in one mailer and distributed to all voters. The new version provided the following segmentation:

- Queens voters received the Voter Information Notice in all five covered languages: English, Spanish, Chinese, Korean, and Bengali
- Bronx and Staten Island voters received the Voter Information Notice in English and Spanish
- Manhattan and Brooklyn voters received the Voter Information Notice in English, Spanish and Chinese

By using this targeted approach that reflects the federal language assistance requests, the Board was able to more effectively deliver information to the voters and create better print efficiencies for current and future mailings.

Communications and Public Affairs Cont'd

In addition, the Board added an additional voter tear card with all the pertinent information the voter would need including their poll site, address, ED/AD and other useful information. We are happy to report that we received positive feedback on this improvement and found many voters bringing their notice with them to the poll site and were able to save time by avoiding the information table line.

For 2017 the Board had over 1.25 million hits to our website and 668,000 to the poll site locator.

Voter Registration

BETH FOSSELLA
Coordinator, Voter Registration

As the Coordinator of the Voter Registration Department, I am, along with my staff, responsible for all activities that pertain to registering people to vote in the five boroughs of New York. This includes:

- Overseeing the Boroughs' responsibility to maintain the records of all registered voters. The total number of registered voters in the City of New York for 2017 according to the New York State Board of Elections Data Base is **5,053,842**. These numbers include both Active and Inactive voters (Active voters – **4,596,813**; Inactive voters – **457,029**). These figures are run twice a year on March 1st and November 1st of each year and are posted on the New York State Board Web Site.
- Reaching out to all eligible voters in the City of New York and making them aware of the importance of being a registered voter and how much their vote counts. This is accomplished through:
 1. Conducting registration drives at various community activities (street fairs, work fairs, community organization meetings, senior citizen community centers) and providing material that will help explain the process of voting.
 2. Working with the Department of Education by visiting the high schools within the city informing and providing students, who are going to be eligible to vote, with registration applications as well as material that help explain the process of voting.
 3. Distribution of voter registration material to the public. It is to be noted that all voter registration material is translated, in accordance to law, in five languages – English, Spanish, Chinese, Korean and Bengali.

Voter Registration Cont'd

- Providing and making sure that all registration material is updated in accordance with New York State Law.
- Registration applications are broken down as follows:
 - Regular registrations
 - Agency registrations
 - Department of Motor Vehicles
- These registration applications are broken down by Code:
 - No Code - Regular registrations
 - Code 9 - Selected City agencies that fall under Local Law 29
 - Code D - CUNY
- In 2002, Congress passed and the President of the United States signed into law the "Help America Vote Act" (HAVA). This was the means by which the Federal government committed to fund sweeping election reforms that would enhance the voting process in this country. Previously, a potential voter was not asked to provide a means of identification when filling out a registration application. Once HAVA took effect, identification was required. Effective January 1, 2006 all first-time voter registrations within the State of New York have to provide the same information heretofore requested of voters who registered by mail after January 1, 2003. In order to accommodate the voter, the registration application was redesigned to provide a box where this "HAVA ID" information was required. Those who did not provide the necessary identification information will receive a "First Time Voter Letter", asking them to provide the identification information. If no identification was sent by the time of the election, the voter will be asked to provide this information at the poll site, and if he/she still does not provide it, will not be allowed to vote on the machine, but will have to vote by affidavit ballot.
- Ordering and tracking all voter registration material both in the Brooklyn Voting Machine Facility where voter registration is stored, as well as in the General Office.
- Making sure that all Voter Registration material is updated and translated into the five languages required by law, English, Spanish, Chinese, Korean and Bengali.
- In 2010 the NYS Board of Elections redesigned the registration application to include "Organ Donor" information that is sent to the Board of Health on a weekly basis.
- In 2011 the State Board of Elections redesigned the absentee ballot application.
- Providing and updating all voter registration information that must be put up on the Board of Election's web page. This information is done in English, Spanish, Chinese, Korean and Bengali.
- In 2015 the New York State Registration application had two new parties added to the list of enrollment parties on the registration application. The parties were the Women's Equality Party and the Reform Party. These parties were added to the 2016 Revised Registration Application.
- Providing Russian translation "Registration and Voting" booklet on the web page with English registration application. (As per NYS Law ELEC 3-506)

CODE 9 – AGENCY REGISTRATION

In May 2000, the New York City Council passed legislation (Local Law 29) which requires that 20 City agencies must provide voter registration applications to their clients, contractors, sub-contractors (literally anyone with whom they come in contact) in the performance of services, mailings and whatever other transactions take place on a daily basis.

Voter Registration Cont'd

The law requires that the Board of Elections supply these agencies with all the materials they will need in the performance of these tasks, i.e. registrations applications, display boxes, booklets, posters in all the five languages that are required by law (English, Spanish, Chinese, Korean and Bengali.) The total number of Code “9” registration applications that were given out in 2017 were:

English	50,000
Spanish	15,000
Chinese	4,125
Korean	3,000
Bengali	4,000

TOTAL NUMBER OF CODE “9” PROCESSED BY BOROUGH IN 2017

New York	883
Bronx	1,295
Brooklyn	656
Queens	341
Staten Island	226

CUNY (THE CITY UNIVERSITY OF NEW YORK)

CUNY requested **60,000** Code “D” registration applications to be delivered to the designated offices of the CUNY schools. The “Code “D” registration applications are designated with a “D” in a small box at the upper left hand corner of the registration application. This enables the board to track how many of these registrations are processed.

INFORMATION NOTICES

In August of each year the Board of Elections sends out Voter Information Notices to all Active and Inactive Registered Voters. These Information Notices give the voter all the necessary information regarding the upcoming elections as well as informing the voter where his/her Poll Site is and in what district the voter must vote.

Many voters had commented in the past that their Poll Site has been changed and they were not aware of it, so that when they went to vote they had to vote at another Poll Site.

In 2005, the Information Notices were redesigned to include notice to the voter that he/she had a Poll Site change.

- The Normal file – the poll site remained the same.
- The Bold file – the poll site has been changed.

The 2017 Information Notice was re-designed to include the instructions for the use of the new voting machine, plus a removable card that contained the voter’s Election District, Assembly District and Party Enrollment.

In August of 2017 Information Notices **4,523,773-TOTAL – ACTIVE VOTERS ONLY**

The Confirmation Notices are sent out to the voters whose Information Notice was returned to the Board of Election as "Undeliverable". Confirmation Notices are sent to check again whether a voter is indeed not living at the address that appeared on the Information Notice.

If the Confirmation Notice is returned "Undeliverable," then the voter is made INACTIVE. The Inactive code is X. This voter goes from an Active to an Inactive ("A" to "X") status.

LIBRARIES AND POST OFFICES

In January, we began the distribution of our usual supply of registration applications (in all five languages) to all the libraries and post offices in New York City. Included with these were posters, a display box and order forms which could be faxed to us requesting replacement supplies. The registration applications were self-contained in a Registration Display box that made distribution of the registration applications easier to display. Also included in these Display Boxes were Poll Worker Applications.

The total number of Registration Forms distributed for **2017** were as follows:

DEBRA LEIBLE
Coordinator, Election Day Operations

POLL WORKER RECRUITMENT AND OUTREACH

This department is charged with the responsibility for recruiting, training, assigning and tracking the performance of individuals who staff the polls and serve voters on Election Day. There are several different Poll Worker positions that vary in qualifications and degrees of responsibility:

COORDINATORS are placed in polling sites to serve as the manager, to troubleshoot any problems and ensure that Election Day procedures are being followed. Their goal is to see that voters receive courteous, prompt and proper service. Each poll site now has two tablets which the Coordinator gives to the Information Clerks during the day to assist with directing voters. At closing, the Coordinator uploads the PMDs from the scanners giving us the earliest possible results.

INFORMATION CLERKS are placed at sites with multiple EDs to help direct and guide voters to their correct voting districts and poll sites by using street directories and poll site lists. They now have tablets with an app to also assist with directing voters.

ACCESSIBILITY CLERKS are assigned to poll sites with alternate accessible entrances where doors cannot remain open or where other assistance is required. They are assigned to doors and elevators that do not have Braille and they act as warning clerks where there is a hazard of someone tripping or bumping into something on the way into the poll site.

ED/AD TABLE INSPECTORS and **POLL CLERKS** are the backbone of the Board's Election Day workforce. There are two INSPECTORS at each Election District or table, one enrolled Democrat and one Republican — a system of “checks and balances” that is required by New York State Election Law. POLL CLERKS are similarly divided and are mainly used as needed in the voting process in EDs where there are more than 750 registered voters.

SCANNER INSPECTORS verify that the scanners have not been tampered with, set-up and open the polls on the scanners for voting and assist voters if needed. There are two (2) inspectors per scanner; one (1) Democrat and one (1) Republican.

BMD INSPECTORS ensure the privacy booths and BMD are set up properly. They keep the booths clear of electioneering materials and are there to assist the voters if requested. There are two (2) Inspectors, one enrolled Democrat and one enrolled Republican.

INTERPRETERS assist voters with limited English proficiency at poll sites in various neighborhoods in New York City and are a major component of the Board's Language Assistance Program. The Board provides Spanish, Chinese (Cantonese/Mandarin), Korean and Bengali/Hindi interpreters in targeted areas in conjunction with the plan based on recent census data.

ELECTION NIGHT REPORTING CLERKS (ENR) Every Police Precinct in New York City has a four-person bipartisan Election Night Reporting Team (ENR Team) assigned to report at 7pm. The ENR Team is responsible for the setup and testing of the Equipment prior to the close of polls.

Once the polls close, the ENR Team awaits the arrival of Police Officers transporting the Large Yellow Scanner Voting Records Bag which contains the Portable Memory Device (PMD) and the Zero Report and Results Tape. Once verified the ENR Team uses the Election Night Reporting Tablet to upload and transmit any PMDs that were not uploaded at the poll site.

A.D. POLL SITE MONITORS are a bipartisan team of specially trained Poll Workers who monitor an Assembly District on Election Day.

While the Coordinators, Inspectors, Poll Clerks and Information Clerks are required by law to be both a citizen and a registered voter, the Interpreters and Accessibility Clerks do not have such a requirement. County Committee applicants make up a great portion of the total complement needed to staff the polls but thousands of positions still must be filled. To this end, the Board trains and assigns poll workers recruited from various sources, including the City University of New York and numerous civic and advocacy groups. Poll Worker applicants also submit forms obtained from the Board's phone bank, Borough Offices, nyc.electiondayworker.com, or by indicating interest in serving when completing their Voter Registration applications.

POLL WORKER TRAINING AND INITIATIVES

During 2017, we had 399 available Adjunct Trainers and Assistants to conduct poll worker training. There were 3,254 classes at 152 training sites throughout New York City. These classes train the Poll Workers to use the Basic Poll Worker Manual, visual aids and various voter information forms and materials used on Election Day. Demonstrations of the AutoMARK Ballot Marking Device (BMD) and the Optical Scanner Voting System are included in the training. The Board assigned 96,262 workers to class and trained 62,949 Poll Workers in 2017. We continued to use step-by-step laminated instructions for the BMD and Scanners. The purpose of these cards is to make it easier for the Poll Workers to open and close the BMD and Scanners simply by working in teams of two – one reading the instructions and the other performing the required steps.

The Basic Poll Worker Manual contains a section on diversity and incorporates customer service training for Poll Worker classes. The poll site signage provides voter information and assistance in all five (5) mandated languages based on what is required in each borough. These multi-language materials include "How to Use the Scanner" and NYS Voter Bill of Rights.

17 YEAR OLD POLL WORKER PROGRAM

During 2017, we recruited, trained and assigned approximately 275 high school students to work at as Inspectors at poll sites. They are tech savvy, high energy and very interested in learning about and being involved in the voting process. We are hopeful many will stay with us as poll workers and we will also continue to recruit through both public and parochial high schools for this program.

NURSING HOMES PROGRAM

The Board of Election provides services to Nursing Care Residential Facilities and their occupants. During the 2017 Special Election, State and Local Primary Election and General Election, Board Staff made 267 visits to nursing home facilities and delivered 13,340 Absentee Ballots to residents.

EDO DEPARTMENT

EDO Department Staff assists with educating voters on the BMD, Scanner and Election Procedures. They organize demonstrations of equipment when requested throughout the five boroughs as well as attend recruitment events for Poll Workers. In 2017, there were 18,294 Poll Workers recruited through various events and organizations.

Voting Equipment Operations Unit/Poll Site Management

JOHN P. O'GRADY
Chief Voting Machine Technician

VOTING MACHINE FACILITIES

The Voting Machine Facilities (VMF) staff in all boroughs has continued to enhance the efficiency of the preparation of Scanners and BMDs equipment for each Election. The average time to test and prepare the Scanners and BMDs is averaging between 50 to 60 minutes per device.

The General Office VEOU throughout the year continued to provide all the reports, supplies and technical support required by the Voting Machine Facilities staff in all five boroughs.

POLL SITES

In 2017, the Board of Elections VEOU-Poll Site Division accomplishments were:

- Increasing efforts of making polling sites, paths of travel, entrances, exits, and voting areas accessible to individuals with disabilities.
- Ensuring that each polling site contained appropriate square footage, visible accessible entrances, technology friendly and reliable, schematics for accessing polling sites and floor plans that detailed the placement of the Election Day equipment.

Federal Court Order Implementation Continuation:

In compliance with the requirements of the mandated United Spinal Association Federal Court Order, 353 additional final surveys submitted by Evan Terry Associates, the court-appointed expert, were received prior to the end of the year and the completion of the election cycle. VEOU reviewed all 353 final surveys. As a result of the reviews, solutions to overcome barriers at poll sites were implemented. The solutions included, but were not limited to, the placement of additional accessibility clerks and the installation of door props, cones, ramps and mats in polling sites.

In accordance with the requirements of the court order, BOE surveyors attended a three- (3)-day training program conducted by Evan Terry Associates about how to conduct poll site surveys. The training program consisted of one (1) day of classroom training and two (2) days of hands-on field surveying accompanied by an Evan Terry Associates staff person as the lead surveyor. BOE staff also had 3-days training class conducted by ETA on the use of AutoCAD to update and create floor plans.

In addition, the Board has implemented a new tracking system for equipment deployment using RFID tags citywide. The new tracking system allows the Board to confirm in realtime when equipment has been delivered to poll sites. The Board plans to continue with the next phase of implementation (tracking equipment leaving and returning to the Voting Machine facilities) in 2018.

Ramp Unit

SUSAN M. CAICEDO
Voting Equipment Operation (VEOU)

The ramp unit is responsible for ensuring that all polling sites have the necessary equipment to comply with ADA regulations in order to make them fully accessible to voters with disabilities. Working closely with the Board of Elections (BOE) survey departments in each of the five boroughs and in conjunction with the ADA Coordinators, we construct each site that requires equipment that has been recommended by Evan Terry and Associates (ETA) to make the sites accessible.

This year the BOE went into contract with eighteen vendors who store, transport, and install the ADA equipment for more than three hundred and fifty sites that are broken down into geographic zones within each borough. Equipment can range from mats and simple ramp setups to much more complicated ramp systems. These vendors are responsible to begin setup of equipment at 3pm the day before an Election and complete the installations by 6am on Election Day. They are also required to attend training class twice a year on the proper installation of the ramp equipment and understanding of ADA compliancy.

The ramp unit will also meet periodically with the two ramp equipment vendors, National Ramp and EZ Access, to discuss and develop new equipment options to meet the needs of the polling site where standard equipment may not always work.

We continue to improve the installation process to ensure that voters with disabilities have safe and compliant access to their polling location.

Facilities Operations

NICHOLAS SQUICCIARINI
Facilities Manager

In 2017 new bathrooms were installed at the General Office , along with fresh paint for the 6th, 7th and 11th floors. At 345 Adams Street (Brooklyn office) new carpet and flooring were installed along with the office being painted. At 1 Edgewater Plaza the renovation work included, new carpet and flooring, new light fixtures, new ceiling tiles and fresh paint. At 1780 Grand Concourse we added some new workstations along with new floor tiles and office painting. We are working with DCAS to find a new location for the Bronx office and VMF after the current lease expires in 2019.

SHERWIN SUSS
Agency Chief Contracting Officer

The Procurement Department's function is to oversee and process all Board of Election contracts for goods and service to ensure compliance with the New York City Procurement Policy Board Rules (PPB Rules.)

The PPB Rules were developed to ensure that all city agencies procurement practices are uniform in application, and to provide fair and equitable treatment to all persons doing business with the city.

PREFERRED SOURCE SOLUTIONS AND MINORITY/WOMEN BUSINESS PARTICIPATION

The Board continues to aggressively expand its use of Preferred Source providers through NYS Industries for the Disabled (NYSID), receiving excellent services at competitive prices while providing employment to New Yorkers with disabilities.

The Procurement Department has been actively soliciting minority- and women-owned businesses to participate in the bidding process to provide goods and services to the Board. In the last year for BOE discretionary spending for goods and services not covered by City Requirements Contracts or long-term agreements has seen an increase in M/WBE awarded vendors. We intend to continue to pursue M/WBE participation to increase awarded contracts to these vendors.

ACCESS FOR EVERYONE

The Board has been working to make poll sites accessible for everyone. The Procurement Department bid out and awarded multi-year contracts for the purchase of ADA equipment. The Department also awarded a multi-year contract to 18 vendors to store, transport and install ADA equipment at over 1200 Poll Sites citywide.

Electronic Voting Systems Department

JOHN NAUDUS
Director, Electronic Voting Systems

"The mission of the Electronic Voting Systems Department (EVS) is to administer and support the Board's computerized voting systems during pre- and postelection activities conducted in each of the five counties in the City of New York."

The Board's computerized voting systems administered and supported by the EVS Department include the Central Ballot Scanning and Tabulation System for Absentee, Military, Federal, Presidential and Affidavit ballots; the Election Management System for ballot marking devices (BMD); and the Poll Site Voting System (PVS) used at the poll sites on Election Day. EVS prepares these systems by populating them with the data needed for each election. EVS also works with the system providers to ensure all systems meet the unique requirements of the New York City Election process.

EVS provides assistance and support during pre- and postelection activities in each county. These activities include:

- Designing and creating ballots for each county
- Writing Canvass procedures and making necessary updates
- Installing the current election, testing the Central Scanning and Tabulation System for Absentee, Military, Federal, Presidential and Affidavit ballots in each county
- Writing the portable memory devices (PMD) with the specific data parameters required for each election
- Reading the PMDs that contain the results from each of the Poll Site Voting System scanners
- Recanvassing election results
- Canvassing ballots for write-in votes
- Auditing the Poll Site Voting System results
- Auditing the Central Scanning and Tabulation System for paper ballots
- Canvassing Absentee, Military, Federal, Presidential and Affidavit ballots

The Board conducted four elections in the year 2017: the February and May Special Elections in New York County; the September Primary Election and November General Election. The Poll Site Voting System (PVS), the ballot marking devices (BMD), and the Central Scanning and Tabulation System for Absentee, Military, and Affidavit ballots were used in all four elections.

UNOFFICIAL ELECTION NIGHT RESULTS REPORTING

On Election Night, poll site coordinators used tablets to transmit the unofficial election results from all active poll sites. The unofficial results on the portable memory devices (PMDs) were read into tablets. The tablets transmitted those unofficial election results to the secure file transfer protocol (SFTP) servers at the General Office.

Election Reporting Manager (ERM) servers at the General Office read the unofficial results from the SFTP servers. In periodic intervals during election night, the unofficial results were electronically transferred to the Board's website, the State Board of Elections, the Board's S-Elect system, and to the media.

In addition, the PMDs were transferred to the police precincts. Bipartisan teams of Board personnel read the PMDs into Election Night Results (ENR) tablets. The second reading of the PMDs ensures that we read any PMDs that were not read at the poll site and we send those unofficial election results to the General Office.

DIFFERENCE AND MARGIN OF ERROR BETWEEN THE UNOFFICIAL ELECTION NIGHT RESULTS (ENR) AND THE RECANVASSED RESULTS

General Election

Average difference between the ENR and Recanvassed results: 0.52%

Primary Election

Average difference between the ENR and Recanvassed results: 0.78%

May Special Election

Average difference between the ENR and Recanvassed results: 1.54%

February Special Election

Average difference between the ENR and Recanvassed results: 0.67%

For a breakdown of the use of the ENR Tablets for obtaining unofficial election night results, please see **Figures 1 and 2**.

UNOFFICIAL ELECTION NIGHT RESULTS WEBSITE

The Board published unofficial Election Night Results (ENR) on its website for all elections in 2017. EVS developed the ENR website to work in tandem with the ENR reporting process. The Board electronically updated this website at periodic intervals, making the latest unofficial election night results available for public viewing.

The ENR website was viewed on each election night after the closing of the polls (from 9:00 pm to 9:00 am the next morning) as follows:

Election	Number of views
February Special	84,616
May Special	28,467
Primary	665,871
General Election	777,389

See **Figure 3** for an illustration of the number of views the ENR website received on election night.

EVS PROCEDURES

EVS is responsible for several departmental procedures that were updated this year. EVS is also responsible for the Canvass Procedures administered at all Board office locations. The Canvass Procedures received the most extensive update this year. They were rewritten and restructured into self-contained sections with a table of contents for each section. The 2017 Canvass Procedures include new and reinstated procedures, an index, an expanded prequalification testing section and glossary, detailed audit procedures, updated process forms, and sections that no longer apply were removed.

ARCHIVAL OF PORTABLE MEMORY DEVICES (PMDs) DATA

With Board approval, EVS made it possible to reuse portable memory devices (USB sticks and flashcards) prior to the two-year maturity date required by Election law §3-222 (Preservation of Ballots and Records of Voting Machines).

To achieve this goal, EVS developed software that is used to extract the data from the PMDs used in the prior year's election or testing. EVS stores the data on a dedicated network attached storage (NAS) for the mandated two-year timeframe. This process allows those PMDs to be prepared for use in the next election. Nearly 40,000 USB sticks and 5,000 flashcards were made available for reuse this year due to this archival process. To ensure that the archival process is successfully managed, EVS developed detailed procedures and tracking materials to use in conjunction with this software.

Teams of bipartisan personnel complete this work in each of the five counties using the software, procedures, and tracking materials provided by EVS. Throughout the entire archival process, EVS provides onsite guidance and support.

BALLOTS

For all of the Elections in 2017 combined, more than 1,679,000 ballots were cast in the City of New York. About 62,900 ballots were Absentee, Military, and Affidavit ballots that were processed by the Central Ballot Scanning and Tabulation System, or manually tabulated. In addition, more than 1,616,000 paper ballots were cast at poll sites, and scanned and tabulated by the Poll Site Voting System (PVS). See **Figure 4** for an illustration of the ballots cast in 2017.

EVS continues to explore and develop innovative ways to improve the Board's computerized voting systems and enhance the voting experience for the City of New York. Please see **Figure 5** for a historical perspective of the mechanical and electronic voting systems used since the founding of the Board of Elections in the City of New York.

Personnel and Records Management

STEVEN GUGLIELMI
Director of Personnel

The Personnel Department is responsible for the well being of all employees at the Board of Elections. As a new employee is processed, in addition to completing the appropriate paperwork, both the Policies and Procedures Handbook and Conflict of Interest Board (COIB) Manual are provided and an Identification Card is issued.

Health Insurance, Management Benefits Fund, Deferred Compensation and Pension Benefits are the responsibilities of the Personnel Department as well as the processing of all Workers' Compensation claims. All benefits are updated as needed throughout the tenure of the BOE employee. Verification of Employment and Unemployment Benefits applications are also processed through this Department.

For those employees in need of counseling, referrals are made through this office to the Employee Assistance Program (EAP). To encourage employees in need of the varied services offered by the EAP and make them comfortable about seeking help, a high level of confidentiality must be maintained.

Fact-finding inquiries are held when there is a complaint of harassment. What action, if any, is determined by a bipartisan panel, consisting of the Director of Personnel and a member of the Legal Department and/or other staff member.

Matters of discipline fall under the jurisdiction of the Personnel Department. Alleged Violations of the Policies and Procedures Manual are investigated and hearings held as necessary.

Disciplinary hearings are conducted and actions are taken under the direction of the Commissioners of Elections. If a hearing determines that a violation has occurred, the employee may be reprimanded or disciplined. The disciplinary actions may include probation, suspension or termination.

The Director of Personnel also serves as the Officer for the Agency, monitoring the storage and disposal of Agency Records following the guidelines set forth by the NYS Retention and Disposition Schedule.

Records Management/Retention Department

BONNIE BIBULA
Records Management Officer

The roll of the Records Management/ Retention department is to oversee the maintenance of records in accordance with the legal criteria determined by both the State Archives and Records Administration and the State Board of Elections.

Works with the Legal department to provide access to information, such as FOIL requests.

Monitors the retention process while documents are in storage.

Oversees disposal of expired records.

Ensures permanent retention and preservation of records of enduring value.

The Records Management/Retention department collaborates with the Board's assigned bi-partisan Retention Monitors in the Boroughs and General Office who have all been trained to use our Records Management System. The RMS allows for easy tracking and transfer of records and is periodically updated to meet our departmental needs.

GERALD SULLIVAN
Finance Officer

The Board of Elections Finance Department's main responsibilities are creating and managing the agency's budget. Finance works with Executive Management to present the financial needs to the City Council. Prior to the Fiscal Year (July 1st) the New York City Board of Elections requests funding from the city of New York to manage the day-to-day expenses of the Board as well as the cost of any scheduled election events.

After the budget is adopted by the City Council the typical work of the Finance Department is tracking invoices, vendor information account maintenance as well as processing and paying bills. A great deal of the Finance Office activity is standard and does not change from month to month. There are various special and on-going projects that the department works on; some of these are listed here:

- A) Producing Daily and Monthly Financial Reports
- B) Poll Sites – update database/process payments
- C) Car Service assignments: After-hours coordination of workers for rides home
- D) Postage: refund/review of potential deficient balance
- E) Electronic Fund Transfer enrollments – ensuring vendor enrollment
- F) Election Day support provided by department personnel.

The Finance Office is divided into two sections:

1) PERSONAL SERVICES (PS)

Personal services are the payroll section. Payroll data is accumulated from the five borough offices, Voting Machine facilities and the General Office and is processed. There is a constant liaison between the various responsibility centers. There is also a natural overlap between the work of the PS section and the board's Personnel Department.

2) OTHER THAN PERSONAL SERVICES (OTPS)

The OTPS section is the accounts payable section. Approved bills are accumulated from the various managers and paid. Finance works closely with the Agency Purchasing Department. The Finance Department prepares reports and handles special projects as required. Finance plays a key role in all aspects of the Agency's budgeting process. In addition, the Finance Office drafts letters and testimony for Management for those subjects that fall within our sphere of responsibility. The Finance Officer accompanies and assists management when testimony relative to fiscal matters is given.

Office of the General Counsel

STEVEN H. RICHMAN
General Counsel

RAPHAEL SAVINO
Deputy General Counsel/Director
of Campaign Finance Enforcement

The Office of the General Counsel (“Office”) provides legal advice and guidance to the Commissioners of Elections and to the staff of the Board of Elections in the City of New York (“Board”) on a wide range of matters relating to ballot access, the conduct of elections, and agency administration. The Office consists of the General Counsel, the Deputy General Counsel, administrative support staff, and from time to time, one or more contract staff attorneys as well as law student interns. During 2017, Cali P. Madia, Esq., Joshua Williams, Esq., and Nia Stanford, Esq., served as the contracted staff attorneys, and Dennis Futoryan and Timothy Connelly-O’Toole were our law student interns.

ADMINISTRATION

The Office recommends to the Commissioners revisions of formal Board policies and procedures to ensure compliance with applicable statutes and regulations. The Office provides legal advice and guidance to Board staff as requested. The Office acts as a liaison with the New York City Conflicts of Interest Board with respect to the administration of applicable conflicts of interest provisions found in Chapter 68 of the New York City Charter.

LEGISLATIVE ACTIVITIES

The Office regularly monitors all legislative and judicial actions that impact election administration and advises the Commissioners on all legal developments, including statutory compliance with City, State, and Federal mandates related to the Voting Rights Act, the Military and Overseas Voters Empowerment (MOVE) Act, the Help America Vote Act (HAVA), the New York State Election Law, the New York City Charter, and related judicial directives. In addition, the Office drafts for consideration by the Commissioners the Board’s annual recommendations for revisions in the State Election Law for presentation to, and consideration by, the State Legislature and the Governor.

COMPLIANCE ACTIVITIES

The Office advises the Commissioners on all elements of the Board's legal compliance with all applicable statutory and regulatory requirements. Any proposed change in election administration affecting voters is reviewed by the Office before being presented to the Commissioners for approval. The Office acts as the Board's liaison with other governmental regulatory and investigatory agencies, including the U.S. Department of Justice, the local United States Attorneys' offices, the New York State Attorney General's Office, the District Attorneys of the five counties within the City of New York, the New York City Department of Investigations, and the Inspectors General for various City agencies.

BALLOT ACCESS

The Office drafts for consideration and adoption by the Commissioners all election calendars and the proposed Rules for Designating and Independent Nominating Petitions for each election cycle. The Office also oversees all aspects of the process for candidate filing and Board review of designating and nominating petitions, cover sheets and/or certificates. The Office maintains a good working relationship with the New York State Office of Court Administration with respect to the Judiciary's activities in connection with the electoral process.

LITIGATION

The Office acts as the Board's principal point of contact with the New York City Law Department, which usually represents the Board in all litigation matters involving the Board of Elections, its operations, and personnel. In 2017, New York City Corporation Counsel Zachary W. Carter designated the Board's General Counsel, Deputy General Counsel and the Counsels to the Commissioners as "Special Assistant Corporation Counsels" to represent the Board in litigation involving or relating to the Office of the Mayor of the City of New York in the 2017 Primary and General Elections. In accordance with that designation, the General Counsel and Deputy General Counsel appeared in proceedings before the New York State Supreme Court, the Appellate Division, 1st and 2nd Departments as well as the New York State of Court of Appeals in proceedings relating to the 2017 Mayoral election.

PERSONNEL MATTERS

Section 3-300 of the New York State Election Law empowers the Commissioners to appoint and remove at their pleasure all employees of the Board. In accordance with the collective bargaining agreement entered into by the Commissioners and Local 1183 of the Communications Workers of America, AFL-CIO, this Office conducts all administrative hearings required under that agreement for Board employees. It is also responsible for resolving employee disciplinary matters prior to a formal hearing, through negotiation, pursuant to the direction of the Commissioners of Elections and the agreement of Local 1183.

FREEDOM OF INFORMATION

The Office receives, processes, and compiles the agency records sought by the public under the New York State Freedom of Information Law. In collaboration with the appropriate Board staff, the Office coordinates the photocopying of records, gathering of electronic documents for transmittal, and scheduling of physical inspections of original documents by those individuals and entities seeking such public records. In addition, prior to its release, the Office reviews and redacts any information contained in the public records which by law are exempt from disclosure. It also processes any appeals for submission to the Commissioners of Elections.

Management Information Systems Department (MIS)

STEVEN FERGUSON
Director Management
Information Systems

OVERVIEW

The 2017 Election Year was highlighted by New York City Local Primary and General elections for city offices including Mayor, City Comptroller, and Public Advocate, which again challenged the MIS Department development, operational and support programs. To meet these challenges with our limited resources required innovative ideas to fulfill our mission requirements, which include operational and application support for all staff and borough offices and VMFs. We continue to rely on the dedication and efforts of key staff members and our consulting/development group (IMI, SageSmith, and N-Tier).

The following is a summary of our information systems and operational support programs for 2017. These programs included planning, requirements determination, design, development, testing, training, and implementation within the integrated framework of our **Election Information Systems (EIS)**. It also required the application of resources to address voter registration commonality issues with the NY State system (NYSVoter) and resources to interface with security assessment support to address local and national concerns involving the protection and integrity of our election information systems and databases.

MIS DEPARTMENT RESPONSIBILITIES INCLUDE:

1. Continued development and maintenance of the BOE's **Election Information Systems (EIS)**,
2. Operation and management of our two primary data centers (Executive Office (EO) & Disaster Recovery Site (DR) in Queens)
3. Oversight of Mobile and Cloud Operations
4. User support, email, and data security systems
5. Data networks, phone systems
6. Internal BOE Printing Operations
7. Development and support of other staff applications
8. Support of all Borough workstation, server and Network Operations
9. Interfacing with other organizations and agencies including:
 - a) New York State Voter Registration Database (NYSVoter – State BOE)
 - b) DMV
 - c) NYC Agencies Voter registration EVR/MA
 - d) Interface for Election Night Results (ENR)
 - e) ES&S Systems and Functions

SECURITY ASSESSMENT PROGRAM

Due to continuing concerns regarding the hacking of voter registration and election systems, the BOE is continuing its Security Assessment and Monitoring Program which we started last year for all network, database and information systems. The BOE has engaged FireEye-Mandiant through a city contract to assess and monitor our programs. Representatives of FireEye were on site for the November election.

MIS INFORMATION SYSTEMS DEVELOPMENT PROGRAMS 2017

EIS (S-ELECT/S-ELECT 7) CORE AND MOBILE APPLICATION GROUP

There were a significant number of development and enhancement projects in 2017 which spanned the EIS (S-Elect/S-Elect 7 Core and Mobile Application Group). These efforts varied from modifications and enhancements to new development projects. All of which had to be developed, tested and implemented under deadlines requiring priorities and progress reviews with Executive Management.

For the following EIS, application areas a total of **one hundred and five (105)** projects including enhancements, modifications, and major new developments were completed in 2017:

These projects also included the following major development efforts:

1. Integrated Scantron® and S-Elect Class Grading Systems, cutting the average days to capture Poll Worker test grading down from 7 days to 1
2. Successfully launched a Standby Dispatch prototype to track Standby Poll Worker check-in, requests via tablet and dispatch data
3. Integrated Poll Worker poll site tablet check-ins from inSite with the S-Elect Time Sheet Capture page resulting in record payroll capture time with increased accuracy
4. Onboarded/Recruited approximately 29,000 workers through the Election Day Worker website
5. Installed digital image verification capabilities to the equipment delivery mobile app, Election Bin Tracker
6. Developed a web service bridge between the RFID portal system in multiple borough locations to the EIS Inventory Management System with the goal of improving chain-of-custody awareness of critical assets

EIS (AVID- Voter Registration) CORE AND MOBILE APPLICATIONS

This past year was devoted to significant enhancements of our EIS Voter Registration (AVID) System, including:

1. Developed new reporting subsystem to meet reporting requirements for Department of Justice consent decree. System includes automatic extraction of monthly and yearly registration statistics for DOJ reporting purposes.
2. Developed new version of AVID to meet DOJ Consent Decree requirements. This new release includes new returned mail queues and various controls on voter status changes. This new AVID version also includes new queue for borough staff to compare potential duplicate voter records within NYC to determine whether the records should be merged. The function will automatically merge the records upon bipartisan approval.
3. Conducted analysis and system design for the next version of the AVID Voter Registration System. This version 6.0 will have fail-safe features that will produce document images for transactions that had previously only shown in activity records. Additionally, new Absentee and Affidavit functions will be added to Avid.
4. Completed development and program testing for an online lookup for voters within New York City. System is due to roll out next year.
5. Provided support for additional New York City Agencies voter registration electronic application submission.
6. Conducted analysis for citywide Voter Registration Application Submission system to meet NYC directive. System design exploits experience with Agency application submission system.

The MIS Network Group is primarily responsible for the BOE WAN, LANs, and VoIP Telephone Systems at all BOE Central, Borough, and VMF locations. To serve computing and communications needs for the agency, there is a Primary data center and a DR site in Queens. Additionally, there are nine different LAN facilities servicing all BOE locations.

All BOE locations are interconnected via a primary Wide Area Network (including backup network capabilities) to the two data centers. The security of the internal network is maintained through firewalls and other internal security points which are monitored and maintained by MIS Staff.

The network group is responsible for maintaining 24x7 secure connectivity from the BOE data centers to a number of outside entities, such as the New York State Data Center and cloud-based resources.

PRINT SHOP

In 2017, the Print Shop produced all BOE mail pieces and printed documents. The Print Shop published information such as Street Finders, Enrollment Books, Political Calendars, Voter Notices, Poll Worker Letters, Poll Site Accessibility Letters, Poll Site Change Notices, Renewal Notices, Notices to Train, Notices to Work, District Maps, Coordinator Handbooks, Availability Notices, CRU Letters, Transmittal Receipts, and backup Poll Books in support of the 2017 election events.

PHONE BANK (866) VOTE-NYC (866) 868-3692 TTY (212) 487-5496

Ballot Management Department

THOMAS SATTIE
Ballot Management Supervisor

The Ballot Management Department is responsible for the proofing, ordering, delivery, and maintenance of all ballots used in elections in the City of New York. Additionally, we work in conjunction with the Board's Language Assistance Program's Coordinator and Deputy Coordinators to ensure all ballots are translated properly and in a timely manner into all languages required by Section 203 of the Federal Voting Rights Act.

In 2017 the Board conducted four elections: Special Elections on February 14 and May 23, a Local Primary Election on September 12, and a General Election on November 7.

As in prior years the Board printed ballots in no more than three languages in Queens County for the General Election. That effort allowed the Board to print ballots in a significantly larger font size than it would have otherwise been able to based on current NYS Election Law guidelines.

Additionally, in 2017 the Board submitted numerous recommendations for law changes to the New York State Legislature to address concerns such as small type, difficult to follow instructions, and overall readability.

In closing, the Ballot Management Department hopes to continue its mission of producing clear and easy to understand ballots for all voters in the City of New York to vote on and have their voices heard.

Poll Site Devices Unit

STEPHEN THOMPSON
Manager, Poll Site Devices

A unit within the Board of Elections, Poll Site Devices is responsible for the maintenance, testing, preparation and deployment of tablets to training classes, field staff and poll sites.

For the 2017 Election cycle, two tablets were deployed to every poll site.

For 2017, tablets provided the following functions:

FIELD STAFF (POLL SITE MONITORS AND TECHNICIANS)

- Election Responder – real-time reporting, tracking and resolution of Election Day incidents via the tablet
- Poll Site Locator – assists voters by directing them to the correct poll site and ED table

POLL SITE (COORDINATORS AND INFORMATION CLERK)

- Poll Worker Check-In – uses QR code on Poll Worker Notice to Work to check in Poll Workers and relays this information back to the Board offices
- Table Finder – quickly identifies ED table for voter in the poll site using a simple touch-based, no typing system
- Election Night Reporting – secure transmission of unofficial election night results from the poll site to a publically accessible website

PILOT OF STANDBY DISPATCH SYSTEM

During the 2017 Election Cycle, the Board tested a new system to check in and deploy Standby poll workers to poll sites that had vacancies on Election Day. This system allows quick and accurate check-in of standbys and gives staff the poll site attendance in real time so that deployment decisions can be made with up-to-date information. This system is anticipated to go citywide for the 2018 cycle.

ADA Coordinators

ARIEL MERKEL
ADA Coordinator

SEAN GERLIS
ADA Coordinator

The Board of Elections in the City of New York (BOE) conducts honest and fair elections from local to federal levels for all registered voters, including voters with disabilities. The Accessibility Unit is responsible for ensuring the BOE, as a government agency and employer, is in compliance with the Americans with Disabilities Act and that voters with disabilities are able to vote privately and independently on Election Day. This unit expanded this year when Ariel Merkel and Sean Gerlis, the BOE's two Americans with Disability Act Coordinators (ADACs), were joined by two additional full time employees. The team continues to ensure and augment BOE's efforts to maintain a fully accessible voting process in New York City.

The Accessibility Unit had a very productive year ensuring poll sites throughout the five boroughs are accessible to voters with disabilities on Election Day. To support voters with disabilities, every poll site in New York City has at least one Ballot Marking Device and ADA Privacy Booth, as well as other accessibility aids such as magnifying glasses. Many poll sites also require additional accessibility temporary equipment, which range from simple mats and cones to complicated ramping systems, and Accessibility Clerks who are specially trained poll workers. The Accessibility Unit continually evaluates the needs of poll sites to assess what equipment is needed to ensure each site is accessible on Election Day.

The Accessibility Unit also worked closely with the EDO Department this year by supporting edits to the poll worker manuals, as well collaborating on the BOE's new poll worker training videos on how to ensure a poll site remains ADA compliant throughout the day. The team is particularly proud of the two-part video on "Communication and Etiquette When Assisting Voters with Disabilities."

The Accessibility Unit promotes inclusive practices and ensures all BOE environments are fully accessible. The ADACs not only ensure voters with disabilities have access to an inclusive voting process throughout all five boroughs, but also that BOE employees receive appropriate workplace accommodations in order to maintain top-quality performance. The Board of Elections is an Equal Opportunity Employer and we encourage all qualified applicants to consider a career with us!
